

CUPSS COMMUNITY CALL

Thursday, August 3, 2017, 1:00-2:00 PM (Eastern Time)

Featuring:

Jason Sparks, Florida Rural Water Association (FRWA)

Jason will discuss how the Florida Department of Environmental Protection and FRWA are partnering to use the CUPSS Asset Import Template within a mapping system to assist utilities in creating asset management plans.

Maxime Israel, University of Massachusetts Amherst

Maxime will present the new CUPSS Mobile Assistant. This companion application for CUPSS allows for creation and edition of assets directly on the device.

The call will also include discussion of the new enhancements in CUPSS version 1.3.10, available at epa.gov/cupss. Enhancements to the software include improvements in report formatting, addition of Print Asset Details option, and other fixes to enhance usability.
