SUMMARY: This regulation determines those areas that have been officially found to be exceeding the ambient air quality standards and are therefore nonattainment areas. It also designates which class of increment that will apply in each area.

1. For Prevention of Significant Deterioration purposes the Board hereby classifies Air Quality Control Regions as follows:

A. The Metropolitan Portland Air Quality Region, Portland Peninsula Air Quality Region, Central Maine Air Quality Region, Downeast Air Quality Region, Aroostook Air Quality Region, and Northwest Maine Air Quality Region shall be Class II Regions.

B. The Department shall have the authority to designate certain Regions or portions thereof as a nonattainment area according to the criteria and procedures set forth in the Federal Clean Air Act, as amended.

C. The Board hereby recognizes the classification and regulatory requirements of those federal lands which have been established as mandatory Class I areas by the Federal Clean Air Act: Acadia National Park located in the Downeast and Central Maine Air Quality Regions; Moosehorn Wilderness Area located in Moosehorn National Wildlife Refuge located in the Downeast Air Quality Region; the Roosevelt Campobello International Park located in New Brunswick, Canada, and the Presidential Range Dry River Wilderness and Great Gulf Wilderness of the White Mountain National Forest in New Hampshire. Federal Class I areas may not be redesignated.

(1) The Board identifies the following Integral Vistas:

(a) ROOSEVELT CAMPOBELLO INTERNATIONAL PARK

D. Lands within the exterior boundaries of reservations of federally recognized Indian tribes may be redesignated only by the appropriate Indian governing body under the terms and procedures set forth in the Clean Air Act, 42 U.S.C.A. section 7474(e).

E. Prior to proposing the redesignation of any area for Prevention of Significant Deterioration purposes, the Board shall hold a public hearing which shall be conducted in the area proposed to be redesignated. Prior to the public hearing a report shall be made available with a description and analysis of health, environmental, economic, social and energy impacts of the proposed redesignation. Should the area proposed for redesignation include or be deemed to affect federally owned lands, the Board shall consult with the appropriate federal land manager prior to such redesignation. For the purpose of redesignating any areas other than those recognized mandatory Class I areas identified in Section 1(C), the procedural requirements or 40 CFR 51.24 (g) shall be followed.
