

I Resolve to Save Water in 2018!

I will celebrate the new year and resolve to save water throughout 2018, by taking the “I’m For Water pledge” at www.epa.gov/watersense/pledge. To uphold my pledge, I will check off one or more simple steps each month to save water for myself, my family, and future generations.

January 2018

- I’m pledging to use my WaterSense® to save water at home and at work throughout the year by taking the [“I’m for Water” pledge!](#)
- I will examine my household water use this year by better [understanding how to read my water bill.](#)

February 2018

- I will [make a date to save water](#) and show my laundry a little love by washing only full loads or setting the water level lower on the washing machine.
- If I live in an apartment or condo, I will share [water-saving guides](#) with my building management to help reduce water use in units and common areas.

March 2018

- I will help WaterSense celebrate the 10th annual [Fix a Leak Week](#) March 19 through 25, 2018, by taking 10 minutes to track down leaks at home.
- I will conduct a toilet leak test using a few drops of food coloring in the tank and replace any worn-out [flappers](#) if color appears in the bowl.

April 2018

- I will read the [Water-Smart Landscapes guide](#) to learn how to plant beautiful and regionally-appropriate plants that save water outdoors.
- Before I tackle a plumbing or landscape irrigation project this Earth Day, I’ll look for [WaterSense labeled products.](#)

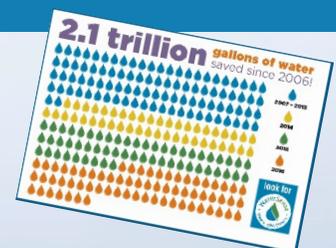

May 2018

- For Sprinkler Spruce-Up this month, I will [inspect, connect, direct, and select](#) my landscape watering system so it doesn’t waste water.
- I will go with an [irrigation pro](#) certified by a WaterSense labeled program to maximize the efficiency of my irrigation system.

June 2018

- I will [collect rain](#) in a rain barrel, cistern, or bucket and use rainwater to water my plants.
- I will check out [WaterSense labeled products](#), which have helped Americans save more than 2.1 trillion gallons of water for more than a decade.

July 2018

- I will celebrate my independence from outdoor water waste by installing a [WaterSense labeled spray sprinkler body](#).
- I will water smarter with a WaterSense labeled [irrigation controller](#) that uses local weather conditions to tailor my landscape watering schedule.

August 2018

- I will share the [WaterSense teacher resources](#) with local educators or students to help teach kids the ABCs of water efficiency.
- I will celebrate [World Water Week](#) by turning off the tap while I brush my teeth.

September 2018

- I will create [my better bathroom](#) by installing a WaterSense labeled faucet, showerhead, and toilet that save water and look amazing.
- I will find [rebates](#) on WaterSense labeled products in my area to save money.

October 2018

- I will take action this Energy Action Month to save a watt by making the [drops-to-watts connection](#).
- I will check out the [WaterSense Partners of the Year](#) who are helping to save water today and for future generations.

November 2018

- I will install a [WaterSense labeled showerhead](#) to help save water, energy, and money when the house is full of guests over the holidays.
- I will give thanks for these simple [kitchen tips](#) that can save water before and after my Thanksgiving meal.

December 2018

- I will use the [WaterSense product search tool](#) to find and give the gift of water savings to those on my holiday shopping list.
- I will use the [WaterSense calculator](#) to find out how much water, energy, and money I can save by installing WaterSense labeled products in the new year.

For more ideas about saving water, visit the [WaterSense website](#) or follow us on social media.
