Exposure occurred on August 10th and I have still been suffering symptoms on a daily basis. Symptoms include shortness of breath, extreme fatigue, mental fog, tingling in hands, abdominal tightness, dizziness, etc. I have seen dozens of doctors and have had all sorts of tests including blood work, urine analysis, neurotransmitter testing, EEG, brain MRI, chest x-rays, EKG, cardisoniogram, abdominal ultrasound, chest CT and sleep studies. So far all of the tests are coming back normal, with the exception of postural orthostatic tachycardia reported. I have tried different medications such as pyridoxine supplements which initially helped but now just make me more tired, modafinil to decrease GABA which just made me more tired, and dexamethasone to stimulate the production of monoamine oxidase which has caused extreme fatigue. My symptoms are ongoing and I have been suffering with no end in sight. I have contacted reporters, doctors, hospitals, the CDC, poison control, professors, etc and no one is able to do anything to help me. While I can speculate some level of mechanism of the toxin via online publications, nothing has helped me. All I want to do is to get better so that I can get back to work in my doctorate program in biology. Because hydrazine is a controlled and limited substance, there are hardly any reports of hydrazine exposure in the past decade. The only recent reports I can find are twelve airmen exposed in May of 2016 at the Homestead Air Reserve Base, six members of the national guard exposed at the 177th Fighter Wing treated at AtlanticCare Regional Medical Center in August of 2016, and 7 workers at the N.J. nuclear reactor building in April of 2017. I have tried to get in contact with anyone and everyone involved and no one will speak to me in the matter.</p> <p>We are conducting a Phase I Environmental Site Assessment for the property: 501 E King Street, York, PA 17403 (Parcel ID #12380090550000000). EPA-R2-2018-002337	Lisa Schreiner	PW Grosser Consulting	12/5/2017 18:12	I would like the 2012 final version of NPDES GMG290000, the General Permit for Offshore Oil and Gas Operations in the Western Gulf of Mexico. I would also like the supporting documents, specifically the associated fact sheet, response to comments, any record of decision and any memo to file regarding the Endangered Species Act. I am seeking information that should be publicly available. Therefore, there is no need for the denial of confidential business information. Rolling responses to the request is preferred. With regards to the supporting documentation, the documents should have been published between January 1, 2012 and October 28, 2012. As the 2012 version of the permit was issued September 28, 2012, I would start the search there and work backwards towards January. For example, all of the supporting documentation for the 2017 permit was issued in a 6 month time frame preceding the issuance on September 18, 2017. I would like the 2007 and 2004 final versions of NPDES GMG290000, the General Permit for Offshore Oil and Gas Operations in the Western Gulf of Mexico. I would also like the supporting documents, specifically the associated fact sheet, response to comments, any record of decision and any memo to file regarding the Endangered Species Act. I am seeking information that should be publicly available. Therefore, there is no need for the denial of confidential business information. Rolling responses to the request is preferred. With regards to the supporting documentation, the documents should have been published between January 1 and December 31 of the year in which the final version of the permit was issued. The final version of the 2004 permit was issued on October 7, 2004 while the 2007 permit was issued June 7, 2007. Therefore, please search for the supporting documentation for the 2004 permit from January 1, 2004 to December 31, 2004. Therefore, please search for the supporting documentation for the 2007 permit from January 1, 2007 to December 31, 2007. To whom it may concern, I would like a comprehensive list of all of the designated Phase I and Phase II MSA entities across the United States. If this information is available in map form or in text, either format would be acceptable.

			See attached. Geostock Sandia, LLC requests under the Freedom of Information Act (FOIA), to obtain the Area of Review Sections from DuPont Orange Plant Hazardous Waste Disposal Injection Restrictions No Migration Petition (1990) and the No Migration Petition Reissuance (2000). The DuPont Orange Plant is located in Orange, Texas and operated the four Class I Hazardous Injection Wells. DuPont sold portions of the facility (including the four Class I Hazardous Injection Wells) to INVISTA Corporation. INVISTA currently operates the Class I Hazardous Injection Wells at the site and is in the process of obtaining a No Migration Petition Reissuance for the Class I Hazardous Injection Wells. INVIST A's copies of the DuPont Orange Plant Hazardous Waste Disposal Injection Restrictions No Migration Petition (1990) and the No Migration Petition Reissuance (2000) were destroyed during flooding at the site. The Area of Review Sections will be the most useful for the current No Migration Petition Reissuance.

All records including but not limited to a transcript, meeting notes, prior and follow up communications, audio and video of Scott Pruitt's May 1, 2017 meeting with Pebble's CEO Tom Collins. I would like to receive this information in electronic format. I am making this request as a reporter and student currently studying at UC Santa Cruz Science Writing program and this request is made as part of newsgathering and not for commercial use. Through this request, I am gathering information on the relationship between EPA head Scott Pruitt and the Northern Dynasty minerals. Release of this information is in the public interest because it will contribute significantly to public understanding of the new administration's plans to allow Canadian mining companies to operate in ecologically and economically valuable American ecosystems, specifically Alaska's Bristol Bay.
EPA-HQ-2018-002389	Mark Oldale		12/7/2017 01:12 Environmental Protection Agency 1200 Pennsylvania Avenue, N.W. Washington, DC 20460 Re: Freedom of Information Act Request Dear EPA FOIA office staff: This is a request under the Freedom of Information Act. I am requesting the most recent versions of two databases that are held by the EPA: 1) I am requesting the most up-to-date version (at the time of this request) of the "Coal Mine Methane Emissions Inventory." I have attached a PDF (saved as: "2005 surface mine emissions"), which is an EPA report from 2005, to specify what database I am requesting. The footnotes on page number 9 reference the inventory I am requesting. 2) I am requesting the most up-to-date version (at the time of this request) of the "U.S. Abandoned Coal Mine Database." I am requesting that this comes complete with data fields of site's MSHA ID, state, county, coal basin, mine name, date of abandonment, and amount of methane emissions. I am also requesting a list of the data fields in the database, so I can further specify which data fields I need to request. I have attached a PDF (saved as: "amm_opportunities_database"), which is an EPA study from earlier this year, to specify what database I am requesting. Appendix C begins on page number 11 and references the database I am requesting. As a member of the media, I am requesting a fee waiver, and I have included details on that request in the relevant portion of the form. I am requesting this information be delivered in electronic form as an Excel spreadsheet, if possible. EPA-R5-2018-002411	Lauren Dillon	Democratic National Committee	12/7/2017 14:12 Pursuant to the Federal Freedom of Information Act, 5 U.S.C. &sect; 552, I request the following records: • Copies of all calendars, agendas, and any other records of the schedule of Mike Flynn, Acting Deputy Administrator, from January 20, 2017 through December 7, 2017. The records should show the date, time, place, attendees, and purpose or subject of each calendar item. I am not a commercial requester. I understand that there might be costs associated with this request. I would request that a waiver of fees and ask for you to contact me by e-mail at researchinfo@dnrc.org before making copies if this request will be in excess of \$50. I understand that there may be costs associated with this request. I ask that you do not contact me by e-mail at researchinfo@dnrc.org before making copies if this request will cost more than \$50, as I would then request a waiver of fees. My preferred reproduction format is an electronic file e-mailed to me at researchinfo@dnrc.org. If this is not possible, I request that you provide access to these records electronically via an FTP site, or all electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are possible, I request that you mail paper copies of the records to me at the address provided above. I appreciate you communicating with me by e-mail at researchinfo@dnrc.org rather than by mail or telephone. If you have questions regarding this request, if all or any part of this request is denied, please cite the specific exemption which you believe justifies your refusal to release the information and inform us of your agency's administrative appeal procedures available to me under the act. Thank you for your assistance in this matter. Sincerely, Lauren Dillon

			Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552, I request the following records: 1. That study began in 1990 and was tracking the health of people exposed to TCE from contaminated drinking water. My initial FOIA asking for a list of the names of the more than 1,000 people who were part of that registry was denied with the explanation that it violated HIPAA. However, in furthering my research I have found my request does not violate HIPAA and I once again would like the list of names of everyone who was part of the TCE study (also through the ATSDR and CDC) for the southeast Rockford Superfund Site.</p>

EPA-R9-2018-002494	Caroline McKusick		12/12/2017 4:12	<p>To whom it may concern, Pursuant to the Freedom of Information Act, I hereby request the following records from the Environmental Protection Agency: Any environmental impact reports related to student housing projects at the University of California, Davis in the city of Davis, California. Please provide all available materials from January 1, 2017 to November 20, 2017. I will write a press release to send to local newspapers (the Davis Vanguard, the Sacramento Bee, the Davis Enterprise) in order to make the general public aware of potential environmental problems on the UC Davis campus. This request is not being made for commercial purposes. Thank you in advance for your anticipated cooperation in this matter. I would request your response within ten (10) business days.</p>

			Dear Freedom of Information Act Officer: Pursuant to the Federal Freedom of Information Act, 5 U.S.C. &sec; 552, I request the following records created from January 20, 2017 to the present: • Copies of all invoices, receipts, requests for reimbursement, credit card or GSA Travel Charge Card statements, or any other records of payment generated by or on behalf of personnel in the Office of the Administrator for meals at Le Diplomate restaurant, located at 1601 14th St NW, Washington, DC. • All e-mails (including attachments) received or sent by Executive Scheduler Sydney Hupp that contain the term "Le Diplomate" or that otherwise pertain to Le Diplomate restaurant, located at 1601 14th St NW, Washington DC. I am not a commercial requester. I understand that there might be costs associated with this request. I would request a waiver of fees and ask for you to contact me by e-mail at researchinfo@dnc.org before making copies if this request will be in excess of \$50. My preferred reproduction format is an electronic file e-mailed to me at researchinfo@dnc.org. If this is not possible, I request that you provide access to these records electronically via an FTP site, or mail electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are feasible, I request that you mail paper copies of the records to me at the address provided above. I would appreciate your communicating with me by e-mail at researchinfo@dnc.org rather than by mail or telephone. If you have questions regarding this request, I fall or any part of this request is denied, please cite the specific exemption which you believe justifies your refusal to release the information and inform us of your agency's administrative appeal procedures available to me under the law. Thank you for your assistance in this matter. Sincerely, Lauren Dillon

				RE: Product Number: 74331-2 and 88141-1. [ Product Name Dioxin'x ] [ Alternate Brand Name FX ] Dear EPA, Please provide a copy of your (EPA) records, to the above reference, including all correspondence, transactions, approvals, registrations, agents of record, transfer(s) related to: Product 74331-E, recognized by EPA on August 20, 2003 which became Product 74331-2 and was registered on 6-14-2005 to SteriX, Inc. We would like data beginning in Spring of 2002 and continuing until the present (December 19, 2017). Rolling responses would be acceptable, we would like a denial log on both CBI and Non-CBI information, but do NOT request substantiation. On November 24, 2014 both product and data (25 MRIDs but no exclusive use) were transferred to Synergy Technologies, Inc., where it became Product Number 88141-1. On August 22, 2017 the product was declared 'Inactive/Cancelled' due to CBI and Non-CBI information. Annual Maintenance Fees. Both SteriX, Inc and Synergy Technologies, Inc. have infringed on my patent #6375976 without any authorization. I plan to take legal action but I need this information before I can proceed. Thank you.

EPA-HQ-2018-002630	Emily Berman	Union of Concerned Scientists	12/14/2017 17:12	I am working on a Phase I ESA for the property at 7950 Park Boulevard North, Pinellas Park, FL, formerly occupied by Golden Lantern Mobile Home Park. I understand this site is an EPA Brownfields site, and I would like to review any previous reports in order to evaluate the site for the current Phase I. According to EPA online resources, the site was determined to have asbestos, lead, and other contamination. The asbestos was cleaned up, but I can't find any indication of lead and/or other contaminants; cleanup activities, or any definitive indication of what the contaminants were. There is a Phase I (completed on 1/6/2006) and a Phase II (completed on 3/30/2006) listed on the website. A Supplemental Assessment is also listed, started on 11/1/2007, but it is not listed as completed. Could you please provide me the Phase I and Phase II reports, as well as any information you have on the Supplemental Assessment? Or please direct me to the agency or individual who could help me get these reports? If you have any information as to why the cleanup for Lead and other contaminants; was not completed, please provide that as well. Thank you for you help in this matter. Please contact me at your convenience if you have any questions or if you need any additional information.

EPA-HQ-2018-002805	Jeremy Nichols	WildEarth Guardians	During the processing of FOIA EPA-RB-2017-004851, 68 documents were still pending review with EPA HQ OEX offices. To complete the original FOIA, we approved the exclusion of these documents from the request and asked that a new FOIA be opened directed to these 68 documents under review. The original request seeks: Any and all records related to the EPA's proposal to promulgate a Federal Implementation Plan to address air emissions from the Uinta and Ouray Indian Reservation of Utah. This proposal has been docketed as EPA-R08-OAR-2015-0709. We request all records related to this proposal specifically, as well related broadly to any proposal to promulgate a Federal Implementation Plan to address oil and gas air emissions within the Uinta and Ouray Indian Reservation. For purposes of this request, records include, but are not limited to, electronic mail messages, maps, draft documents, photos and/or videos, recorded voicemails, GIS data, GPS data, handwritten notes, meeting or phone conversation notes, applications for permits to drill, reports, and any other records of correspondence. We do not request any records that are already publicly available online on an EPA website that is not subject to alteration or elimination, whether temporarily or permanently. Date range for records sought is July 1, 2016 to March 12, 2017. Exclude 68 email correspondence needing review from HQ OEX. A supplemental request will be submitted to respond to these items.	12/20/2017 20:12

EPA-R7-2018-002814	Adrienne Maul		Under the Freedom of Information Act, I request all forms titled "External Meeting Request Form for Administrator E. Scott Pruitt" submitted to the U.S. EPA Office of the Administrator between Feb. 17, 2017 and Aug. 1, 2017. This request is made as part of news-gathering activity and is not for commercial use. The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, www.bnaews.bna.com. FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such statements will be helpful in deciding whether to appeal an adverse determination. As required by FOIA, I look forward to hearing from your office within 20 days in response to this request. Thank you for your timely response. Tiffany Stecker	12/20/2017 22:12

EPA-R7-2018-002836	Jacob Gallegos	Lafser	12/21/2017 17:12  Please provide the following records in EPA's possession, custody, or control: (1) All records related to EPA's recently cancelled contract with Definers Corp. signed on December 7, 2017, including, but not limited to: communications and documents related to EPA's decision to enter into the contract with Definers Corp. and to terminate the contract with its prior vendor, communications and documents related to the no-bid nature of the contract, communications and documents related to the contract terms, the final contract, notices placed on FedBizOpps or FedContract, responses or offers from other vendors, and communications and documents related to the decision by EPA or Definers Corp. to cancel the contract; (2) All communications with any of the following outside parties, from February 17, 2017 to the present: Definers Corp., Definers Public Affairs, America Rising, America Rising Squared, NTK Network; (3) All communications with any of the following individuals, from February 17, 2017 to the present: Allan Blustein, Joe Pounder, Matt Rhoades, Raj Shah; and (4) All FOIA requests made by Allan Blustein, Definers Corp., Definers Public Affairs, and/or America Rising from November 8, 2016 to the present; communications regarding those requests; and records provided by EPA in response to those requests. This request seeks responsive records in the custody of any EPA office, including, but not limited to, EPA Headquarters. The request also seeks responsive records in or on the personal computers, cellphones or other devices, or personal email accounts used by EPA staff if used for any government purpose.
EPA-HQ-2018-002837	Jolie McLaughlin		12/21/2017 18:12  On behalf of the Bay Area Clean Water Agencies (a local government agency created by a joint powers agreement among San Francisco Bay Area municipal wastewater treatment plants) and its members, including the City of Palo Alto, I write to request an electronic copy of a scientific study that US EPA relied on in its evaluation of sewer (wastewater) discharges of pipetromyl butoxide (PBO): MRID 49884002 &quot;McGrath, J. [2016] Laboratory Investigation of the Fate of Pipetromyl Butoxide in Wastewater Treatment Processes. HDR Project No. CSPA-213406. Unpublished study performed by HDR. 62 p.&quot;. If a US EPA Data Evaluation Record (DER) exists for this report, we request an electronic copy of it as well. This document was cited in a risk assessment prepared by EPA OPP EFD EBR (lead authors Donna Judkins, Richard Shamblen). We please request a timely response, as we need this information to complete our scientific peer review of the risk assessment for PBO, for which there is a comment deadline of February 13, 2018. Although I did not have provisions for paying direct costs, and arranging payment would be difficult, as these agencies do not normally expect to pay to other agencies for scientific information relevant to the operation of their wastewater treatment plants. Given the nature of this request, I am hopeful that the cost will be below the minimum billing threshold. Thank you very much for your assistance! Requesting all information related to the CERCLIS/SEMS listing at 2440 West Greenleaf Avenue, Elk Grove Village, IL, under Site EPA ID: ILD984826453. PLEASE NOTIFY IN ADVANCE IF THERE ARE ANY FEES ASSOCIATED WITH THIS REQUEST BEFORE PROCESSING.

The Appendices are referenced on page 5, Section 5.A of the Order. If a digital version is not available, a paper copy is satisfactory. Thank you. Good afternoon, Apex Companies, LLC is evaluating all units at the Behavior Care Specialists located at 10th Street Suite C, Rock Valley, Iowa for a Phase I Environmental Site Assessment and Property Condition Assessment. We kindly ask your office to provide any information and documentation of code compliance, certificates of occupancy, building permits, or construction drawings you may have for the property. In addition, please provide any information regarding underground or above ground storage tanks, spills, septic tanks or drinking water wells, calls for emergency response, or any other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information, but you know where it can be found. Please reference the Site Name &quot;Behavior Care Specialists&quot; in all correspondence regarding this project. EPA-R3-2018-002845	Joshua B. Nientzow	Langsam Stevens Silver & Hollander	12/21/2017 20:12  We are requesting all EPA witness interview summaries collected pertaining to the Lower Darby Creek Area Superfund Site. Pursuant to our firm's 2011 FOIA request, we received interview summaries that identified interviewees and redacted "Confidential Source" interviews. We received in the 2011 FOIA interview summaries for Confidential Sources 3, 17, 28, 29, 30, 34, 35, 38, 39, 41, 42, 45, 46, 47, 48, and 51. However this gives us reason to believe that at least 51 different confidential sources were interviewed. Furthermore, General Electric's November 19, 2011 104(e) response refers to a November 13, 2001 EPA interview of a former GE employee, Richard Conway, which we did not receive.  To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: Records that show what vehicles are leased for the use of (a) Scott Pruitt and (b) for the office of the Administrator generally. Records provided should show: 1. The number of vehicles leased 2. The model of vehicles leased 3. Details of any upgrades made to the vehicle(s) 4. Whether the vehicles are leased at standard GSA prices. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey is a Senior Fellow at the Center for Media and Democracy and writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filed electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey Please provide the following data on UIC wells (large-capacity septic system subclass only) sorted by state for all states with available information: 1. A current existing inventory count of large-capacity septic systems in each state 2. A count of the number of new large-capacity septic systems permitted in each state in 2015 3. A count of the number of new large-capacity septic systems permitted in each state in 2014 I understand that this information may be available from the Environmental Protection Agency Office of Ground Water &amp;nbsp;

EPA-HQ-2018-002867	Margaret Townsend		I request copies of any and all emails concerning official EPA business that were sent to or from EPA Administrator Scott Pruitt's personal email account(s) from Feb. 17, 2017 to the date that this FOIA request is processed. Other past senior administration officials, such as former Secretary of State Hillary Clinton, former Defense Secretary Ash Carter and former EPA Administrator Gina McCarthy, have been found to have used a personal email account for government business. In the cases of former Secretary Clinton and former Secretary Carter, some of those instances not only ran counter to their departments' policies but could have led to the potential exposure of classified information. In response to worries over their use of personal email for government business &not-- and also litigation in former Secretary Clinton's case &not-- both former Secretary Clinton and former Secretary Carter released thousands of pages of their personal emails that were used for government business. EPA has also released former Administrator McCarthy's personal emails that were used for government business. Further, a recent court ruling found that agency officials should expect that work-related emails in their personal email accounts to be subject to the Freedom of Information Act. In Competitive Enterprise Institute vs. Office of Science and Technology Policy, D.C. Circuit Senior Judge David Sentelle wrote in the U.S. Court of Appeals for the District of Columbia Circuit's opinion that &quot;an agency cannot shield its records from search or disclosure under FOIA by the expedient of storing them in a private email account controlled by the agency head.&quot; Administrator Pruitt should follow the example of other past administration officials as well as court precedent and release all of his personal emails that were used for EPA business.	12/22/2017 17:12

EPA-HQ-2018-002958	Steven J. Milloy	JunkScience.com	To whom it may concern, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. § 552. My FOIA requester status as a "representative of the news media"; I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. I prefer electronic delivery of the requested material either via email to john@greenewald.com, FAX 1-818-659-7688 or via CD-ROM or DVD via postal mail. Please contact me should this FOIA request should incur a charge. On July 20, 2016, H.R. 4904, the Megabyte Act was signed into law. The act requires agencies to maintain software license inventories and find ways to optimize software usage to save taxpayer dollars, lowering the chances of mummified, wasteful technology spending. I respectfully request a copy of records, electronic or otherwise, of the most recent inventory of software licenses at your agency. Previously, I requested this under FOIA Case EPA-HQ-2017-001038, but was told it would not be done until Q3 of FY 2017. I hope enough time has elapsed wherein I can get the completed (most recent) report. Thank you so much for your time, and I am very much looking forward to your response.
