

See You in Denver March 5-7

We hope to see you at the Landfill Methane Outreach Program (LMOP) Special Session (LMOP Special Session) on Tuesday, March 6, 2018, from 4:30 to 6:30 PM. The LMOP Special Session is being held in conjunction with the Solid Waste Association of North America's (SWANA) 41st Annual Landfill Gas & Biogas Symposium in Denver, Colorado.

The session agenda is as follows:

- Kirsten Cappel, LMOP – *Landfill Gas Energy Industry Trends*
- Lauren Aepli, LMOP – *LMOP Tools and Services*
- William Brinker, Enerdyne Power Systems, Inc. – *RNG: A Developer's Perspective and Insight on New RNG Project in Lawrence, Kansas*
- Mark Torresani, Cornerstone Environmental Group, LLC – *RNG Delivery Options*
- David McCullough, Eversheds Sutherland – *Legal Pitfalls when Generating RINs and LCFS Credits on Your Landfill Gas*
- Stan Steury, Appalachian State University Energy Center – *Automotive Engine Powered Generators for Landfill Gas Fueled Generation*

There is no cost to attend the session, but registration is required. If you are unable to attend, LMOP will post the presentations on the LMOP website following the event.

LMOP will also be participating in the conference exhibit hall at **Booth 510**. LMOP Partners can pick up Partner ribbons at the booth to display on their name tags, so be sure to stop by and say hello!

Visit [LMOP's website](#) for more information and registration details. Please [contact LMOP](#) if you have any questions about the LMOP Special Session.

Sincerely,
The LMOP Team
