

Worker Protection Standard Inspection Checklist

Agricultural Establishment

DATE	INSPECTION NUMBER		
OWNER/OPERATOR	FIRM OR PREMISE NAME		
APPLICATOR			
Inspector Credentials Presented <input type="checkbox"/> Yes <input type="checkbox"/> No	Routine inspection <input type="checkbox"/>		
Notice of Inspection Provided <input type="checkbox"/> Yes <input type="checkbox"/> No	For Cause inspection <input type="checkbox"/>		
A. AGRICULTURAL ESTABLISHMENT INFORMATION			
Immediate Family Exemption Criteria for Workers and Handlers 170.305, 170.601(a)			
Are ALL the workers and handlers the owner (or majority owner) or immediate family? Exemption applies to: spouses, children, step children, foster children, sons-in-law, daughters-in-law, grandchildren, parents, step parents, foster parents, grandparents, fathers-in-law, mothers-in-law, aunts, uncles, brothers, sisters, brothers-in-law, sisters-in-law, nieces, nephews, first cousins <div style="text-align: center;">Workers: Yes <input type="checkbox"/> Handlers: Yes <input type="checkbox"/></div> If both answers are "yes", stop using this form and use checklist, "Owners of Agricultural Establishments and Immediate Family" If one or both answers are "no", continue to use this checklist as appropriate.			
B. RECORDS REVIEW:			
Pesticide Application Information and SDSs 170.311(b)			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Are pesticide application information and SDSs retained on the establishment for 2 years? (Safety Data Sheets, Product name, Registration number, active ingredient, crop or site treated, location and description, date, start and end time of application, duration of REI)	24	170.311(b)
Identify WPS pesticide(s) applied or REI in effect in the past 30 days (minimum of 3 products if possible) through a record review, interview and/or visual inspection of products in storage and record as appropriate to facilitate the inspection: product name/#; date applied; method of application; special requirements; weather conditions during application; PPE required; REI (record on page 8 or separately)			
Safety Training Records 170.401(d), 170.501(d)			
Worker Training Records			
<input type="checkbox"/> Yes <input type="checkbox"/> No	Current workers trained in past 12 months?	27	170.401(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Records retained for 2 years on establishment? (Worker name, signature, name of ag employer)	27-28	170.401(d)
Handler Training Records			
<input type="checkbox"/> Yes <input type="checkbox"/> No	Current workers trained in past 12 months?	27	170.501(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Records retained for 2 years on establishment? Handler name, signature, date of training, EPA-approved materials, trainer's name, trainer's qualifications, name of ag employer)	27-28	170.501(a)
Respirator Safety Records 170.507(b)(10)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are respirator safety records retained on the establishment for 2 years?	68	170.507(b)(10)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Have handlers received medical clearance, fit testing and training for required respirator?	68	170.507(b)(10)
Access and Availability of Records 170.311(b)(7) through (9)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Has a worker, handler, or designated representative requested application information and/or SDS? If so, was it provided within 15 days of receipt? Have treating medical personnel requested application information and/or SDS? If so, was it provided promptly?	25	170.311(b)(7)-(9)
C. MINIMUM AGE FOR HANDLERS AND EARLY ENTRY WORKERS 170.309(c)			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Are all handlers and early entry workers at least 18 years of age?	20	170.309(c)
D. INFORMATION DISPLAY			
Location of the "Central Display" 170.311(a)(5), 170.311(b)(2) and (3)			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Has an appropriate central display been established in an area where workers and handlers are likely to congregate or pass by and is it accessible during work hours?	21	170.311(a)(5), 170.311(b)(2) & (3)
WPS Safety Information Display 170.311(a)			
<input type="checkbox"/> Yes <input type="checkbox"/> No	Is all required WPS safety information being provided at the central display? Is the EPA WPS Safety Poster (or equivalent) displayed in central location, easily accessible, and legible? Are the name, address and phone number of an emergency medical facility displayed? Are the name, address and phone number of the state/tribal pesticide agency displayed? Are any changes to required information made within 24 hours of receiving notice of changes?	21-23	170.311(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Is the pesticide safety information displayed where decontamination supplies are located at permanent sites and provided at locations where a toilet is provided for 11 or more workers (as required by OSHA)?	21	170.311(a)
Pesticide Application and Hazard Information (SDS) Display 170.311(b)(1)-(5)			
<input type="checkbox"/> Yes <input type="checkbox"/> No	Is all required pesticide application information provided at central location? Including: Crop or site treated and location and description of treated area, date(s) of application, start and	21	170.311(b)(1)-(5)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

	end times, pesticide product name, active ingredient(s), EPA reg. no., re-entry interval (if any)		
<input type="checkbox"/> Yes <input type="checkbox"/> No	Is the Safety Data Sheet (SDS) for each pesticide made available?	21	170.311(b)(1)-(5)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Is the application information and SDS displayed no later than 24 hours after the end of the applications (but before workers enter the treated area) and kept posted for 30 days after the last REI expiration if workers/handlers are present?	22	170.311(b)(1)-(5)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Are the application information and SDSs easily accessible and legible?	22	170.311(b)(1)-(5)
E. KNOWLEDGE OF LABELING, APPLICATION- AND ESTABLISHMENT-SPECIFIC INFORMATION 170.403(a)-(c) and 170.503(a) and (b)			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Before a handler performed any handler activity, did the handler employer ensure the handler read applicable portions of the label on safe use or was informed in a manner the handler can understand?	59	170.503(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Did the handler have access to the labeling at all times, and was the handler aware of any entry restrictions, AEZ and REIs?	59	170.503(a)(3)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Before any worker performs any activity in a treated area or any handler performs any handler activity where within the last 30 days a pesticide product has been used or an REI has been in effect, has the employer informed workers and handlers in a manner workers and handlers can understand, of the location of pesticide safety information, pesticide application and SDSs, and decontamination supplies?	30	170.403(a)-(c), 170.503(b)
F. WORKER DECONTAMINATION 170.411			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are decontamination supplies located within 1/4 mile of the work site or nearest site of vehicular access and outside a pesticide treated area under an REI and reasonably accessible?	48	170.411(d)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are the appropriate decontamination supplies provided? Including: 1 gallon of water provided for each worker at the beginning of work period and	48	170.411(b)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

	replenished to maintain adequate supply, soap, single-use towels		
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If REI is 4 hours or less, are the decontamination supplies provided for 7 days? Or 30 days if REI is more than 4 hours?	48	170.411(c)
G. HANDLER DECONTAMINATION AND EYEWASH SUPPLIES 170.509			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are decontamination supplies located at mixing sites?	75	170.509(c)(1)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	For all other handler tasks, are decontamination supplies located within 1/4 mile from handler or nearest place of vehicular access? Are supplies located outside a treated area or area under REI or in a closed container protected from pesticide contamination?	75	170.509(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are the appropriate decontamination supplies provided? Including 3 gallons of water provided for each handler (at the beginning of work period and replenished to maintain adequate supply), soap, single use towels, and a change of clothes?	74	170.509(b)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	At each mixing/loading site for products requiring eye protection or using a closed system under pressure is there an appropriate eyewash system immediately available to a handler? (Either a system to deliver gently running water (at a rate of 0.4 gal/min) for 15 minutes or at least 6 gallons in containers suitable for providing a gentle eye-flush for about 15 minutes)	74	170.509(d)(1)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does each applicator have at least one pint of water immediately available in a portable container when pesticide label requires eye protection?	74	170.509(d)(2)
H. APPLICATION AND ENTRY RESTRICTIONS AND HANDLER PROTECTIONS 170.405 and 170.505			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Do all handlers observed by the inspector appear to be over 18?	20	170.309(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did the handler suspend application because someone was in the AEZ? (for enclosed space, in area in column B in Table in 170.405(b)(4)) and was the application continued properly?	60-61	170.505(b)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Was each pesticide applied so that it did not contact, either directly or through drift, anyone except appropriately trained and equipped handlers?	60	170.505(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If toxic “skull & crossbones” products were used, was contact made at least every 2 hours by voice, sight or another appropriate method?	61	170.505(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If a fumigant was applied in an enclosed space, was continuous visual or voice contact with another handler equipped with PPE maintained? Did the handler outside the enclosed space have immediate access to required PPE in case a rescue is required?	61	170.505(d)
I. NOTIFICATION AND ENTRY RESTRICTIONS			
Entry Restrictions after Applications 170.407			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	After application of any pesticide to an outdoor production area , does the employer not allow any worker to enter or remain in the treated area before the REI has expired and all warning signs have been removed or covered? (except for permitted early entry activities)	41	170.407(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	After application of any pesticide to an area of enclosed space production , does the employer not allow any worker to enter or remain in the area specified in Table 1 in 170.405(b)(4) (see pages 13-14) before the REI has expired and all warning signs have been removed or covered? (except for permitted early entry activities)	41	170.407(b)
Posting & Notification 170.409			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	For any dual notice pesticide(s) (highly toxic): Was notification provided both orally and by posting?	42	170.409(a)(1)(i)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	For any outdoor production area applications with REI of 48 hours or less, was either oral notification or posted warning signs used? If oral notification: Did the notification include the location, dates and times of restrictions? Did the notification include instructions about the restriction in a manner that was understandable to workers?	42	170.409(a)(1)(iii)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

	Was the notification provided before the application or at the time a worker begins their work period?		
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	<p>For any outdoor production area applications with REI greater than 48 hours were posted warning signs used?</p> <p>Did signs meet the size and content requirements?</p> <p>Were signs posted in adequate locations?</p> <p>Were signs posted no sooner than 24 hours but before the application?</p> <p>Did signs remain posted until REI expired?</p> <p>Were signs removed within 3 days of REI expiration (or was no entry ensured)?</p>	42	170.409(a)(1)(ii)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	<p>For any enclosed space production area applications with REI greater than 4 hours Were posted warning signs used?</p> <p>Did signs meet the size and content requirements?</p> <p>Were signs posted in adequate locations?</p> <p>Were signs posted no sooner than 24 hours but before the application?</p> <p>Did signs remain posted until REI expired?</p> <p>Were signs removed within 3 days of REI expiration (or was no entry ensured)?</p>	42	170.409(a)(1)(iv)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	<p>For any enclosed space production area applications with REI of 4 hours or less was either oral notification or posted warning signs used? If oral notification:</p> <p>Did notification include the location, dates and times of the restriction?</p> <p>Did notification include instructions about the restriction in a manner that were understandable to the workers?</p> <p>Was the notification provided before the application or at the time a worker begins their work period?</p>	43	170.409(a)(1)(v)
J. INFORMATION EXCHANGE 170.309(k), 170.313(i)			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
If agricultural employer is employing a commercial handler to make applications:			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does the agricultural employer give the location and description of treated areas or REIs and restrictions in those areas where applications are or will be made on their establishment to a commercial pesticide handler employer?	83	170.309(k)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does the commercial pesticide handling establishment inform the agricultural employer of: location and description of areas to be treated, date and time of application, product name, registration number, active ingredient, REI, requirement for oral and/or written notification, and any other restrictions?	84	170.313(i)
K. PERSONAL PROTECTIVE EQUIPMENT (PPE) 170.507			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
For pesticide products reviewed:			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did the handlers use the clothing and PPE specified on the product labeling?	62	170.507(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did the handler employer provide clean, operational PPE to the handler to meet label requirements?	62-64	170.507(b)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Before each day of use, did the handler employer inspect all PPE and repair or discard PPE as appropriate?	64	170.507(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did employer assure that handler wears and uses PPE correctly, and before each day of use, is the PPE inspected, and repaired or discarded as appropriate?	64	170.507(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Is the PPE properly cleaned and thoroughly dried before storage? Is clean PPE stored separately from personal clothing and contaminated areas? Is there a clean place for putting on and removing PPE?	64	170.507(d)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Where labeling requires PPE for handler activities, did the employer take sufficient measures to prevent heat-related illness and instruct each handler in the prevention, recognition and first aid treatment of heat-related illness?	65	170.507(e)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If respirators are required and handlers are present, did handlers receive medical clearance, fit testing and training?	68	170.507(b)(10)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using particulate filtering facepiece respirators, are they replaced appropriately? (i.e., breathing resistance excessive; filter is damaged; according to respirator or product label; after 8 hours of use)	73	170.507(d)(6)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using vapor-removing canister/cartridge respirators, are they replaced appropriately? (based on odor, taste, irritation; breathing resistance excessive; according to respirator or pesticide product label; after 8 hours of use)	73	170.507(d)
L. PESTICIDE HANDLING EQUIPMENT 170.313(f), (g) and (l) and 170.309(i) and (j)			

Worker Protection Standard Inspection Checklist

Agricultural Establishment

Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Before use, did the handler employer instruct handlers in the safe operation of application and mixing/loading equipment and inspect and repair application and mixing/loading equipment before each day of use?	79	170.313 (f) & (g)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Has any person employed by the agricultural establishment, who cleans, repairs, or adjusts the pesticide equipment, been trained as a handler?	20	170.309(g)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If any persons not employed by the agricultural establishment, clean, repair, or adjust the pesticide equipment, are they provided the following information: that the equipment may be contaminated; potential harmful effects of pesticide exposure; how to limit exposure; and how to wash to remove contamination?	20	170.309(g)
M. EARLY ENTRY			
Entry Restrictions 170.605			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are any workers considered Early Entry Workers? If yes, complete section M. If no, skip to section N.	49	
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Do all early entry workers appear to be at least 18?	52	170.605(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Prior to early entry, did the employer provide the following information in a manner understandable to the workers? Location of early entry area where work is to be performed. Pesticides applied. Dates and time the REI begins and ends. Which exception is the basis for early entry and tasks that may be performed. Whether contact with treated surfaces is allowed. Amount of time allowed in the treated area. PPE required by the label for early entry. Location of pesticide safety information and decontamination supplies.	52	170.605(b)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Prior to early entry, did the employer ensure that each early entry worker has either read the product labeling or has been informed in a manner that is understandable, of all labeling requirements and statements related to human hazards or precautions, first aid or user safety? 170.605(c)	52	170.605(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Prior to early entry, did the employer ensure each early entry worker is provided with the required	53	170.605(d)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

	PPE, that it is used as intended and is properly maintained?		
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Prior to early entry, did the employer take sufficient measures to prevent heat-related illness and instruct each worker in the prevention, recognition and first aid treatment of heat-related illness?	53	170.605(f)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are decontamination supplies located outside any treated area or area under REI or where reasonably accessible to workers conducting early entry tasks?	54	170.605(h)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are decontamination supplies located where a worker removes personal protective equipment?	54	170.605(j)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are the appropriate decontamination supplies provided? 3 gallons of water for each early entry worker (at the beginning of work period and replenished to maintain adequate supply), soap and single use towels	54	170.605(j)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does each worker have at least one pint of water immediately available for eye-flushing in a portable container when pesticide label requires eye protection?	54	170.605(i)
No Contact Exception 170.603(a)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using the no contact exception, are all the required conditions met? Including: No contact with anything treated with the pesticide even if wearing PPE. No entry before inhalation or ventilation criteria met.	49	170.603(a)
Limited Contact Exception 170.603(d)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using the exception for limited contact and irrigation activities, are all the required conditions met? Including: Entry must not occur during first 4 hours or before inhalation or ventilation criteria met. No hand labor activity was performed. Time did not exceed 8 hours in 24-hour period. A dual notice pesticide was not used. Situation could not have been foreseen (except irrigation tasks). Not doing the activity would result in substantial economic loss.	51	170.603(d)
Short Term Activity Exception 170.603(b)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using the short-term activity exception, were all the required conditions met? Including:	49	170.603(b)

Worker Protection Standard Inspection Checklist

Agricultural Establishment

	Entry did not occur during first 4 hours or before inhalation or ventilation criteria met. No hand labor activity was performed. Time did not exceed 1 hour in 24 hours.		
Agricultural Emergency Exception 170.603(c)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If agriculture emergency exception, were all required conditions met? Including: Situation meets criteria for agricultural emergency. Entry did not occur during first 4 hours or before inhalation or ventilation criteria met. If dual use pesticide was used, time did not exceed 4 hours in 24 hours.	50	170.603(c)
N. EMERGENCY ASSISTANCE 170.309(f)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Has a worker or handler experienced potential pesticide exposure during or within 72 hours after employment? If so, was transportation to an emergency medical care facility provided and information (SDS, circumstances of application and exposure) provided to medical personnel?	26	170.309(f)
O. ANTI-RETALIATION 170.315			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Based on information available, no person was threatened, intimidated, coerced, discriminated against or experienced retaliation for complying with or attempting to comply with WPS requirements, or for providing information regarding violative behavior. Check Yes if this is correct.	33	170.315
DISPOSITION OF INSPECTION			
Describe or list any suspected or documented violations of the WPS identified during this inspection. Attach documentation for all suspected violations.			
Inspector Signature:		Date:

Worker Protection Standard Inspection Checklist

Agricultural Establishment

Table —Entry Restrictions During Enclosed Space Production Pesticide Applications 170.405(b)(4)

A. When a pesticide is applied:	B. Workers and other persons, other than appropriately trained and equipped handlers, are prohibited in:	C. Until:	D. After the expiration of time specified in column C, the area subject to the restricted-entry interval is:
(1) As a fumigant	Entire enclosed space plus any adjacent structure or area that cannot be sealed off from the treated area	The ventilation criteria of paragraph (b)(3) ^a of this section are met	No post-application entry restrictions required by §170.407 after criteria in column C are met.
(2) As a (i) Smoke, or (ii) Mist, or (iii) Fog, or (iv) As a spray using a spray quality (droplet spectrum) of smaller than medium	Entire enclosed space	The ventilation criteria of paragraph (b)(3) ^a of this section are met	Entire enclosed space.
(3) Not as in (1) or (2), and for which a respiratory protection device is required for application by the pesticide product labeling	Entire enclosed space	The ventilation criteria of paragraph (b)(3) ^a of this section are met	Treated area.
(4) Not as in (1), (2) or (3), and: (i) From a height of greater than 12 inches from the planting medium, or (ii) As a spray using a spray quality (droplet spectrum) of medium or larger	Treated area plus 25 feet in all directions of the treated area, but not outside the enclosed space	Application is complete	Treated area.
5) Otherwise	Treated area	Application is complete	Treated area.

^a When Column C of the Table under paragraph (b)(4) of this section specifies that ventilation criteria must be met, ventilation must continue until the air concentration is measured to be equal to or less than the inhalation exposure level required by the labeling. If no inhalation exposure level is listed on the labeling, ventilation must continue until after one of the following conditions is met:

- (i) Ten air exchanges are completed.
- (ii) Two hours of ventilation using fans or other mechanical ventilating systems.
- (iii) Four hours of ventilation using vents, windows, or other passive ventilation.
- (iv) Eleven hours with no ventilation followed by one hour of mechanical ventilation.
- (v) Eleven hours with no ventilation followed by two hours of passive ventilation.
- (vi) Twenty-four hours with no ventilation.

Respirator Safety Records 170.507(b)(10)			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are Respirator Safety Records retained on establishment for 2 years?	72 & 73	170.507(b)(10)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Have handlers received medical clearance, fit testing, and training for required respirator?	72 & 73	170.507(b)(10)
B. MINIMUM AGE FOR HANDLERS 170.313(c)			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Are all handlers at least 18 years of age?	20	170.313(c)
C. WPS PESTICIDE APPLICATIONS			
Identify recent WPS pesticide applications through a record review, interview and/or visual inspection of products in storage and record as appropriate to facilitate the inspection: Product name/#, Date applied, Method of application, Special requirements, weather conditions during application, PPE required, REI (record on page 5 or separately)			
D. INFORMATION EXCHANGE 170.309(k) & 170.313 (h)-(j)			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Where applicable, does the agricultural employer give the location and description of treated areas or REIs and restrictions in those areas where applications are or will be made on their establishment to the commercial pesticide handler employer?	31 & 32	170.309(k)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does the commercial pesticide handler employer provide this information about the areas with entry restrictions to the handler who worked on the agricultural establishment?	31 & 32	170.313(h)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does the commercial pesticide handler employer inform the agricultural employer of: location and description of areas to be treated, date and time of application, product name, registration number, active ingredient, REI, requirement for oral and/or written notification, and any other restrictions?	31 & 32	170.313(i)

Worker Protection Standard Inspection Checklist

Commercial Pesticide Handling Establishment

<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If there are changes to the location or description of the area to be treated, the REI, the notification requirements, restrictions or use directions, or if the start time will be earlier than scheduled, was updated information provided before the application? If there were changes to any other information, was updated information provided to the agricultural employer within 2 hours after completing the application?	31 & 32	170.313(j)
E. KNOWLEDGE OF LABELING AND APPLICATION SPECIFIC INFORMATION 170.503			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Before a handler performed any handler activity, did the handler employer ensure the handler read applicable portions of the label on safe use or was informed in a manner the handler can understand?	59	170.503(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Did the handler have access to the label at all times, and was the handler aware of any entry restrictions, AEZ and REIs?	59	170.503(a)
F. HANDLER DECONTAMINATION AND EYEWASH SUPPLIES 170.509			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are decontamination supplies located at mixing sites?	74 & 75	170.509(c)(1)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	For all other handler tasks, are decontamination supplies located within 1/4 mile from handler or nearest place of vehicular access? Are the supplies located outside a treated area or area under a REI or in a closed container protected from pesticide contamination?	74 & 75	170.509(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Are the appropriate decontamination supplies provided? including 3 gallons of water provided for each handler (at the beginning of work period and replenished to maintain adequate supply), soap, single use towels, and a change of clothes?	74 & 75	170.509(b)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	At each mixing/loading site for products requiring eye protection or using a closed system under pressure is there an appropriate eyewash system immediately available to a handler? (Either a system to deliver gently running water (at a rate of 0.4 gal/min) for 15 minutes or at least 6 gallons in containers suitable for providing a gentle eye-flush for about 15 minutes)	74 & 75	170.509(d)(1)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Does each handler have at least one pint of water immediately available in a portable container when pesticide label requires eye protection?	74 & 75	170.509(d)(2)
G. PERSONAL PROTECTIVE EQUIPMENT (PPE) 170.507(a)-(d)			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
For pesticide products on site and/or recently applied:

Worker Protection Standard Inspection Checklist

Commercial Pesticide Handling Establishment

<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did the handlers use the clothing and PPE specified on the product labeling?	62	170.507(a)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did the handler employer provide clean, operational PPE to the handler to meet label requirements?	62 & 63	170.507(b)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did employer assure that handler wears and uses PPE correctly, and before each day of use, is the PPE inspected, and repaired or discarded as appropriate?	64	170.507(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Is the PPE properly cleaned and thoroughly dried before storage? Is clean PPE stored separately from personal clothing and contaminated areas? Is there a clean place for putting on and removing PPE?	64	170.507(d)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using particulate filtering facepiece respirators, are they replaced appropriately? (i.e., breathing resistance excessive; filter is damaged; according to respirator or product label; after 8 hours of use)	73	170.507(d)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If using vapor-removing canister/cartridge respirators, are they replaced appropriately? (based on odor, taste, irritation; breathing resistance excessive; according to respirator or pesticide product label; after 8 hours of use)	73	170.507(d)
H. PESTICIDE HANDLING EQUIPMENT 170.313(f), (g) and (l)			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Before use, did the handler employer instruct handlers in the safe operation of application and mixing/loading equipment and inspect and repair application and mixing/loading equipment before each day of use?	79	170.313(f) & 170.313(g)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Has any person employed by the commercial pesticide handling establishment, who cleans, repairs, or adjusts the pesticide equipment, been trained as a handler?	79	170.313(l)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If persons not employed by the commercial pesticide handling establishment clean, repair, or adjust the pesticide equipment, are they provided with the following information: that the equipment may be contaminated; potential harmful effects of pesticide exposure; how to limit exposure; and how to wash to remove contamination?	79	170.313(l)
I. APPLICATION RESTRICTIONS AND HANDLER PROTECTIONS 170.313(c) & 170.505 (a)-(d)			
Inspector observation <input type="checkbox"/> Based on interview <input type="checkbox"/>			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Do all handlers observed by the inspector appear to be over 18?	20	170.313(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Did the handler suspend application because someone was in the AEZ? (for enclosed space, in area in column B in Table in 170.405(b)(4), see page 5-6) and was the application continued properly?	60	170.505(b)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	Was each pesticide applied so that it did not contact, either directly or through drift, anyone	60	170.505(a)

Worker Protection Standard Inspection Checklist

Commercial Pesticide Handling Establishment

	except appropriately trained and equipped handlers?		
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If toxic “skull & crossbones” products were used, was contact made at least every 2 hours by voice, sight or another appropriate method?	61	170.505(c)
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If a fumigant was applied in an enclosed space, was continuous visual or voice contact with another handler equipped with PPE maintained? Did the handler outside the enclosed space have immediate access to required PPE in case a rescue is required?	61	170.505(d)
J. EMERGENCY ASSISTANCE 170.313(k)			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Has a handler experienced potential pesticide exposure during or within 72 hours after employment? If so, was transportation to an emergency medical care facility provided and information (SDS, circumstances of application and exposure) provided to medical personnel?	80	170.313(k)
K. ANTI-RETALIATION 170.315			
	WPS Requirement	Reference Page in How To Comply	Regulatory Citation
<input type="checkbox"/> Yes <input type="checkbox"/> No	Based on information available, no person was threatened, intimidated, coerced, discriminated against or experienced retaliation for complying with or attempting to comply with WPS requirements, or for providing information regarding violative behavior. Check Yes if correct.	85	170.315
DISPOSITION OF INSPECTION			
Describe or list any suspected or documented violations of the WPS identified during this inspection. Attach documentation for all suspected violations.

Table —Entry Restrictions During Enclosed Space Production Pesticide Applications 170.405(b)(4)

A. When a pesticide is applied:	B. Workers and other persons, other than appropriately trained and equipped handlers, are prohibited in:	C. Until:	D. After the expiration of time specified in column C, the area subject to the restricted-entry interval is:
(1) As a fumigant	Entire enclosed space plus any adjacent structure or area that cannot be sealed off from the treated area	The ventilation criteria of paragraph (b)(3) ^a of this section are met	No post-application entry restrictions required by §170.407 after criteria in column C are met.
(2) As a (i) Smoke, or (ii) Mist, or (iii) Fog, or (iv) As a spray using a spray quality (droplet spectrum) of smaller than medium	Entire enclosed space	The ventilation criteria of paragraph (b)(3) ^a of this section are met	Entire enclosed space.
(3) Not as in (1) or (2), and for which a respiratory protection device is required for application by the pesticide product labeling	Entire enclosed space	The ventilation criteria of paragraph (b)(3) ^a of this section are met	Treated area.
(4) Not as in (1), (2) or (3), and: (i) From a height of greater than 12 inches from the planting medium, or (ii) As a spray using a spray quality (droplet spectrum) of medium or larger	Treated area plus 25 feet in all directions of the treated area, but not outside the enclosed space	Application is complete	Treated area.
5) Otherwise	Treated area	Application is complete	Treated area.

^a When Column C of the Table under paragraph (b)(4) of this section specifies that ventilation criteria must be met, ventilation must continue until the air concentration is measured to be equal to or less than the inhalation exposure level required by the labeling. If no inhalation exposure level is listed on the labeling, ventilation must continue until after one of the following conditions is met:

- (i) Ten air exchanges are completed.
- (ii) Two hours of ventilation using fans or other mechanical ventilating systems.
- (iii) Four hours of ventilation using vents, windows, or other passive ventilation.
- (iv) Eleven hours with no ventilation followed by one hour of mechanical ventilation.
- (v) Eleven hours with no ventilation followed by two hours of passive ventilation.
- (vi) Twenty-four hours with no ventilation.
