

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation's water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

CITY OF LANCASTER

PROJECT NAME: Sewer System Improvements

LOCATION: Lancaster, PA

INVITED WIFIA LOAN AMOUNT: \$22 million

POPULATION SERVED BY THE PROJECT: 135,000

PROJECT TYPE: Wastewater

PROJECT DESCRIPTION: The Sewer System Improvements program will include: (1) replacement of interceptors to increase capacity, (2) rehabilitation of sewers, (3) upgrades to three pumping stations, (4) study and implementation of groundwater injection program, and (5) daylighting of Groff's Run. The purpose of the project is to allow the potential elimination of two combined sewer overflows (CSOs) to improve water quality, evaluate, and implement groundwater removal from the sewer system, and provide a conduit for the re-direction of stormwater currently entering the combined sewer system to the daylighted Groff's Run.

FY 2018 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 39

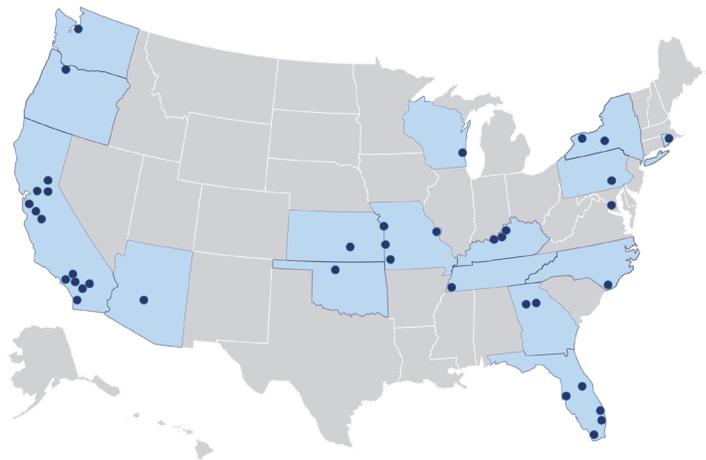

TOTAL LOAN AMOUNT: \$5 billion to public and private entities

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED:

Over \$10 billion

NUMBER OF PEOPLE IMPACTED:

22 million in 16 states and Washington, D.C.

Selected borrowers must apply for a WIFIA loan, pass a final creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA financing. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
