1 Introduction

This document presents the user guide for the Office of Pollution Prevention and Toxics (OPPT) e-CDRweb tool. The e-CDRweb tool is the electronic, web-based tool provided by U.S. Environmental Protection Agency (EPA) for the submission of Chemical Data Reporting (CDR) information, which can only be accessed through EPA’s Central Data Exchange (CDX). This document is the user guide for the Secondary Authorized Official (AO) user of the e-CDRweb tool. User guides are available for the Primary AO and Support and for the Secondary Support at www.epa.gov/cdr.

As a Secondary AO, you can create, modify, and submit a Joint CDR Form U (Form U). You can also amend a submitted Joint CDR Form U and download the associated Copy of Record (CoR). Submit only one form for each of your sites and if more than one chemical is reportable under CDR at that specific site, report information for all reportable chemicals on one Joint CDR Form U.

Further details on the capabilities of the Secondary AO can be found below in Section 3.

The primary goal of this document is to help the regulated community use the e-CDRweb tool in order to comply with the requirements of the CDR rule. This document does not substitute for that rule, nor is it a rule itself. It does not impose legally binding requirements on the regulated community or on EPA.

For questions concerning information to be reported using e-CDRweb, please review the guidance and other materials on the CDR website (www.epa.gov/cdr) or contact the CDR team by sending an email to eCDRweb@epa.gov.

For questions concerning CDX registration or e-CDRweb tool requirements, please contact the Central Data Exchange (CDX) Help Desk at helpdesk@epacdx.net or call 1-888-890-1995 between the hours of 8am – 6pm eastern standard time (EST).
2 System Requirements

In order to use the e-CDRweb tool, the following are required:

- An e-mail account

3 Secondary Authorized Official (AO) Functions

The following section describes how to:

- Access the tool
- Navigate the CDR ‘Home’ screen
- Assign Supports to complete a Joint CDR Form U
- Complete a Joint CDR Form U
- Upload an (Extensible Markup Language) XML File
- Submit a Joint CDR Form U to CDX
- Download a Copy of Record
- Create an Amendment

A joint submission is a collaborative process that requires the completion of a single chemical report on a CDR Form U by two different companies. In a joint submission, the Primary Submitter provides the manufacturing, processing, and use data for a trade product, and the Secondary Submitter provides the chemical identity information for the trade product being reported on the Joint CDR Form U.

The Secondary AO is the person responsible for creating and submitting a Joint CDR Form U. The Secondary AO, typically, is a senior official for a company providing a trade product to a Primary company and may be the supervisor of the person (or persons) completing the form.

As a Secondary AO, you can only access the Joint CDR Form U associated with each site for which you registered in CDX. You are the only person who can start a new Joint CDR Form U, ‘unlock’ or reopen a submitted joint form, and electronically sign and submit a Joint CDR Form U. You can assign Supports to enter and edit information for a Joint CDR Form U on your behalf.

The e-CDRweb tool restricts you from creating more than one Joint CDR Form U for each reporting cycle per site. As a Secondary Submitter, you can enter information for only a single Joint CDR Form U that will cover all of your company’s products that are requested by all Primary Submitters.

Once the Primary Submitter identifies you as a Joint Submitter and the name of the desired trade product on his or her portion of the Joint CDR Form U, he or she will be able to provide you with a Unique Identifier (ID) in order to link the Joint chemical identification information you are providing to complete the Joint CDR Form U. You can start the secondary portion of a joint submission prior to receiving a Unique ID from the Primary Submitter, but will be unable to submit your Joint CDR Form U until you receive and enter the Unique ID from the Primary AO.

You can save, and come back to, a Joint CDR Form U at any point during the data entry process and before officially submitting your Joint CDR Form U. The ‘Save’ functionality allows you to return to the same Joint CDR Form U at any point in the future. You can print the form at any point; however, the ‘Not For Submission’ watermark will be placed on the document anytime it is printed prior to actual submission. Navigation tips are provided following each screen shot.
3.1 Log In to the e-CDRweb Tool

After you create an account in CDX and click the ‘Secondary Authorized Official’ link for the Chemical Safety and Pesticide Programs (CSPP) program service, you will be taken to the main ‘Chemical Information Submission System’ screen.

Exhibit 3-1 shows a screen capture of the ‘Chemical Information Submission System’ screen after selecting the “TSCA Chemical Data Reporting (CDR)” option:

**Exhibit 3-1: Chemical Information Submission System Screen**

### 3.4 Complete a CDR Form U

The e-CDRweb tool restricts you to the creation of only one submission for each reporting cycle. As a Secondary Submitter, you can only complete a single Joint CDR Form U that will cover all of your company’s products that are requested by all Primary Submitters.

#### 3.4.1 CDR Form U Navigation

You can access the ‘CDR Form U Access’ screen by clicking the ‘Form U Access’ link or tab from the ‘Home’ screen.

The ‘CDR Form U Access’ screen presents the ‘Secondary Form’ displayed in table format. When you first access the ‘CDR Form U Access’ screen, your ‘Secondary Form’ will show a status of ‘Not Started.’ The column headers are denoted by bolded blue text in a gray background. The status column tracks the status of the Joint CDR Form U.
Start a New Joint CDR Form U: To start a new Joint CDR Form U submission, click the ‘Secondary Form’ link, which has a status of ‘Not Started.’ You will be required to create a passphrase that will be associated with that particular form. Please be sure to select a passphrase that you will remember, as passphrases cannot be reset or unlocked once a submission is created. Refer to Section 3.4.2 for instructions on creating a passphrase.

Edit an Existing Form U: To modify an existing Joint CDR Form U, click the ‘Secondary Form’ link that has a status of ‘In Progress.’ You will be required to enter the passphrase associated with that particular Joint CDR Form U in order to edit the form. Refer to Section 3.4.3 and Sections 3.4.7 through Section 3.4.10 for further instructions on viewing and modifying a Joint CDR Form U that has a status of ‘In Progress.’

Edit a Submitted Form U: To edit a submitted Joint CDR Form U (i.e., to make an amendment), you must first unlock the particular Joint CDR Form U by clicking the lock icon (🔒) under the ‘Action’ column. You will be required to enter the passphrase associated with the Joint CDR Form U to gain access to amend the form. After you have made changes to the form, the complete Joint CDR Form U will be submitted as an amendment, replacing the original Joint CDR Form U. Include all information you intend to communicate within the amended form. Refer to Section 7 for further instructions on amending an original Joint CDR Form U.

In addition to the ‘Form’ and ‘Status’ columns, the ‘CDR Form U Access’ screen displays the following columns:

- **Modify Date:** The ‘Modify Date’ column displays the date the Joint CDR Form U was last modified.

- **Submission Date:** The ‘Submission Date’ displays the date that you submitted a Joint CDR Form U to EPA via CDX. This date is populated only after you submit a Joint CDR Form U.

- **Copy of Record:** Click the download arrow icon (⬇) to navigate to the ‘Copy of Record’ screen. You must first enter your passphrase and CROMERR login information to gain access to the ‘Copy of Record’ screen. Click the download arrow icon (⬇) on the ‘Copy of Record’ screen to download a copy of the submitted Joint CDR Form U to your local hard drive. The download arrow icon (⬇) displays only after you submit a Joint CDR Form U. Refer to Section 6 for further instructions on downloading a CoR.

- **Action:** Click the ‘Delete’ icon (🗑️) to delete a CDR Form U. Click the lock icon (🔒) to unlock a submitted form and complete an amendment.
Exhibit 3-4 shows a screen capture for the ‘CDR Form U Access’ screen:

Exhibit 3-4: CDR Form U Access Screen

Navigation: Click the ‘Secondary Form’ link with a status of ‘Not Started’ to navigate to the ‘Create Passphrase’ screen.

3.4.2 Create Passphrase Screen

The ‘Create Passphrase’ screen allows you to create and associate a passphrase with a new CDR Form U.

Create New Passphrase: To create and associate a passphrase with a CDR Form U, enter a passphrase that is at least 8 characters in length and does not exceed 20 characters. To protect your account, your passphrase should contain a combination of letters and numbers. The passphrase may include spaces, but should not contain special characters (for example, +, ?, and *). You can associate the same passphrase with multiple CDR Form Us.

You will be responsible for remembering the passphrase and distributing it to only authorized Supports for your site. If you forget the passphrase, you will not be able to access the CDR Form U to print, submit, or make changes.

For security reasons, the system administrator will not have access to your passphrase and will not be able to retrieve it or reset it to a new one.
Exhibit 3-5 shows a screen capture of the ‘Create Passphrase’ screen:

**Exhibit 3-5: Create Passphrase Screen**

**Navigation:** Create a passphrase and click the ‘Next’ button to navigate to the ‘Section 4.A – Secondary Company Information’ screen.

3.4.3 Enter Passphrase Screen

If you have previously created a passphrase for the Joint CDR Form U you are accessing, then enter the passphrase on the ‘Enter Passphrase’ screen and click the ‘Next’ button.
Exhibit 3-6 shows a screen capture of the ‘Enter Passphrase’ screen:

Exhibit 3-6: Enter Passphrase Screen

**Navigation**: Enter the passphrase that you created for the Joint CDR Form U and click the ‘Next’ button to navigate to the ‘Section 4.A – Secondary Company Information’ screen.

### 3.4.4 Navigation Tree

The navigation tree is located on the left side of the form section on each screen. You can perform the following functions using the navigation tree:

- **Collapse and Expand folders**: Each section of the form falls under a collapsible folder in the navigation tree, allowing you to save space and easily view items in the navigation tree. When the folder is expanded, click the minus sign (-), by the folder icon (ー), or click the folder title link to collapse that section of the navigation tree. When the folder is collapsed, click the plus sign (+), by the folder icon (⊆), or click the folder title link to expand that section of the navigation tree. When you place your cursor over the folder title link, it will highlight in red.

- **Navigate between screens**: You can use the navigation tree to navigate between the various screens within the tool and the different sections of the form. However, when using the navigation tree, click the ‘Save’ button to save the information entered within a form when
moving between screens. Alternatively, click the ‘Next’ or ‘Previous’ button to automatically save the information entered on a page. Each section of the form is denoted with a form icon (■). Click either the form icon (■) or the section title link to navigate between screens. A prompt message will appear after you click a link in the navigation tree, indicating, ‘Are you sure you want to leave the current page? Any unsaved changes will be lost.’ If you choose the ‘OK’ button, you will be taken to the desired screen without saving any of the data in the previous screen. If you choose the ‘Cancel’ button, the prompt message will close and you will not be taken further.

- **Remove a folder**: Each ‘Trade Product’ folder within the navigation tree has a ‘Remove’ icon (❌). Click the ‘Remove’ icon (❌) to remove the entire folder and all of its associated sections and information. **Note: If you remove a folder, there is no way to retrieve it.** You must add a new folder and fill in all corresponding data again.

- **Add Trade Product**: Click the ‘Add Trade Product’ button located at the bottom of the navigation tree to add any number of additional trade products to the joint submission sections of the navigation tree.

- **Upload an XML File**: Click the ‘Upload XML’ button to upload an XML file. Refer to Section 3.4.6 for details about the ‘Upload XML’ function.

- **Open and Close the navigation tree**: To provide more visual form space, a navigation arrow (➡️) that opens and closes the navigation tree is located to the right of the navigation tree. Click the arrow (➡️) to close the navigation tree and increase the space of the form content. Alternatively, click the arrow (➡️) on the closed navigation tree to open the navigation tree.

### 3.4.5 Action Bar

The action bar is located at the bottom of the form section on each screen. You can perform the following functions using the action bar:

- **Validate**: Click the ‘Validate’ icon (✔️) at any stage during the completion of a Joint CDR Form U. A ‘CDR Form U Validation’ pop-up window displays every time you click the ‘Validate’ icon (✔️). The ‘CDR Form U Validation’ pop-up window displays a report of all the warning messages and errors that failed validation. Refer to **Section 4** for more information on validating a Joint CDR Form U.

Exhibit 3-9 shows a screen capture of the action bar showing the ‘Validate’ icon:

**Exhibit 3-9: Action Bar - Validate**
- **Save**: Click the ‘Save’ icon at any stage during the completion of a Joint CDR Form U. After you click the ‘Save’ icon, the data entered on the screen will save. The ‘Save’ function does not validate any data entered.

Exhibit 3-10 shows a screen capture of the action bar showing the ‘Save’ icon:

**Exhibit 3-10: Action Bar – Save**

- **Preview**: Click the ‘Preview’ icon at any stage during the completion of a Joint CDR Form U to preview the form. After you click the ‘Preview’ icon, a draft watermarked PDF version of the form may generate and display in a separate window.

- **Additional Links**: You can click on any of the additional links, located at the bottom of the page, for helpful information while completing a Joint CDR Form U.
  - If you click the ‘CDX Homepage’ link, you will be taken to the ‘CDX Homepage.’
  - If you click the ‘MyCDX Homepage’ link, you will be taken to the ‘CDX Login.’
  - If you click the ‘EPA Homepage’ link, you will be taken to the ‘EPA Homepage.’
  - If you click the ‘Terms and Conditions’ link, you will be taken to the ‘CDX Terms and Conditions’ screen.

3.4.6 Upload an XML File

You can upload an XML file by clicking the ‘Upload XML’ button at the bottom left side of the action bar.

When you click the ‘Upload XML’ button, a Windows Explorer pop-up window displays.

Exhibit 3-14 shows the screen capture of the ‘Upload XML’ screen:

Upload an XML File: Navigate to the location on your computer where you have stored the XML file that you want to upload. Select the XML file from your local hard drive and click the ‘Open’ button. You will be taken back to the ‘Upload XML’ screen and the system will process and validate the XML file.
Exhibit 3-15 shows a screen capture of the Windows Explorer pop-up window:

Exhibit 3-15: Windows Explorer Pop-Up Window

XML Validation: If the upload is successful, you will be taken to the ‘Upload XML Successful’ screen. From the ‘Upload XML Successful’ screen, click a link within the navigation tree to access a specific screen.

If you upload an XML file that is not consistent with the e-CDRweb schema, you will receive a message indicating that the document did not pass validation.

Access the Form U: To view your Joint CDR Form U after uploading the XML file, click a link within the navigation tree to access a specific page and edit your form.

Submit the Form U: To submit the Joint CDR Form U, click the ‘Submit’ icon ( ) located in the bottom action bar of the application. Refer to Section 5 for more details about the submit functionality.

3.4.7 Section 4.A – Secondary Company Information

To access the ‘Section 4.A – Secondary Company Information’ screen, click the ‘Secondary Form’ link and enter/create the passphrase associated with that particular Joint CDR Form U.

To protect the trade secrets of the Secondary Submitter, the e-CDRweb tool allows you to report the identity of the trade secret chemical substance or the Primary Submitter’s product, while preventing the Primary Submitter from having access to your information.

County/Parish (4.A.5): Enter the county/parish information in Section 4.A.5.
The remaining data fields are pre-populated based on the information extracted from sites identified within Facility Registry Service (FRS) during CDX registration.

Exhibit 3-16 shows a screen capture of the ‘Section 4.A - Secondary Company Information’ screen:

**Exhibit 3-16: Section 4.A - Secondary Company Information Screen**

![Screen capture of the 'Section 4.A - Secondary Company Information' screen]

**Navigation:** Click the ‘Next’ button on the ‘Section 4.A - Secondary Company Information’ screen to navigate to the ‘Section 4.B – Technical Contact Information’ screen. You can also access this screen by using the ‘Technical Contact Information (4.B)’ link in the navigation tree.

3.4.8 **Section 4.B – Technical Contact Information**

The technical contact should be a person who can answer questions about the reported chemical substance(s). Typically, a person located at the manufacturing site is best able to answer such questions; however, you may use your discretion in selecting a technical contact or multiple technical contacts. When selecting a technical contact, consider that EPA may have follow-up
questions about a CDR submission, one or more years after the submission date. The technical contact need not be the person who signed the certification statement.

You can assign one technical contact per chemical substance and one per ‘Trade Product Name’ in a joint submission. Since there can be multiple technical contacts, each associated with a different chemical substance, you can either create a new contact, choose an existing contact, or modify an existing contact.

**Creating a Technical Contact:** When you first access the ‘Section 4.B – Technical Contact Information’ screen, all of the fields will be editable. The ‘Default Contact’ checkbox is checked by default. Each time you add a new trade product, the associated default technical contact is displayed (to help avoid entering the same information multiple times).

- **Copy CDX Registration:** Click the ‘Copy CDX Registration’ button to copy your contact information from the CDX registration profile.

- **Technical Contact Name (4.B.1):** Enter the name of the person whom EPA may contact about information submitted for a chemical substance.

- **Company Name (4.B.2):** Enter the name of the company for which the technical contact works.

- **Technical Contact Telephone Number and Email Address (4.B.3 and 4.B.4):** Enter the technical contact’s telephone number, including the area code, and the technical contact’s email address. Do not enter any dashes or parentheses when entering the telephone number.

- **Technical Contact Mailing Address (4.B.5 through 4.B.10):** Enter the technical contact’s full mailing address. Post office box numbers should be accompanied by a street address. If a post office box is used as a mailing address, enter the street address in field 4.B.5 and enter the post office box number in field 4.B.6.

- **Default Contact:** Check the ‘Default Contact’ checkbox to identify subsequent technical contacts as the default technical contact for all chemical substances. The ‘Default Contact’ checkbox is checked upon default when initially navigating to the page.
Exhibit 3-17 shows a screen capture of the ‘Section 4.B - Technical Contact Information’ screen:

**Exhibit 3-17: Section 4.B - Technical Contact Information Screen (Edit Mode)**

**Edit an existing technical contact:** You can edit an existing technical contact by clicking the technical contact’s name link under the ‘Secondary Company Information’ folder in the navigation tree. The technical contact information previously created will display in the ‘Section 4.B – Technical Contact Information’ screen and the fields will be editable. Make applicable changes and click the ‘Save’ icon (✓) to save your changes.

**Creating multiple technical contacts:** You can add a new technical contact (after you have created at least one technical contact). Click the ‘Technical Contact Information (4.B)’ link from the navigation tree. You will see the technical contact information that you entered previously. Click the ‘Create New Contact’ link to clear the form to add a new technical contact.
Exhibit 3-18 shows a screen capture of the ‘Section 4.B - Technical Contact Information’ screen after it is populated:

**Exhibit 3-18: Section 4.B - Technical Contact Information Screen (Populated)**

**Navigation:** Click the ‘Next’ button to navigate to the ‘Section 4.C – Primary Company Information’ screen. You can also click the ‘Primary Company Information (4.C)’ link under the ‘Trade Product Information’ folder on the navigation tree.

3.4.9 **Section 4.C – Primary Company Information**

You can access the ‘Section 4.C – Primary Company Information’ screen by clicking the ‘Next’ button from the ‘Section 4.B – Technical Contact Information’ screen or by clicking the ‘Primary Company Information (4.C)’ link from the navigation tree.

To populate the primary company information, enter the Unique Identifier (ID) that was generated and emailed to you by a Primary Submitter.

**Unique ID:** The ‘Unique ID’ links your submission to the Primary Submitter’s submission. The ‘Parent Company Name,’ ‘Plant Site,’ and ‘Plant Site Mailing Address’ fields will populate after you enter the ‘Unique ID’ and click the ‘Populate’ button. If the Primary Submitter has deleted the joint submission before you populate the ‘Unique ID,’ an error message will indicate that the
‘Unique ID’ is invalid. You are required to report a minimum of one primary company for a trade product name. If the Primary Submitter has deleted the joint submission after you populated the ‘Unique ID,’ an error message will generate during validation or submission of the form.

Navigation: From the ‘Section 4.D - Trade Product Identification Info’ screen click the search icon (🔍) to launch the SRS search pop-up window. Search for the desired chemical substance by entering search criteria.

On the SRS Search window, you can search for the desired chemical substance by various search fields. To search SRS, enter one of the following search fields and click the ‘Search’ button.

For chemical substances listed on the non-confidential portion of the TSCA Inventory, Search by Chemical Abstracts Service Registry Number (CASRN), Chemical Abstracts
(CA) Index Name, or a Synonym: Enter data in the ‘CASRN’ field and/or the ‘CA Index Name or Other Synonym’ field and click the ‘Search’ button. Search results will display in a table format at the bottom of the screen. If no information is retrieved back from SRS, the bottom of the screen will display a ‘No Results Found’ message. If you enter data into both of the fields and click the ‘Search’ button, the system will perform an ‘and’ search. Search results are retrieved that match both of the search criteria fields and will display in a table format at the bottom of the screen.

- **CASRN:** You may enter a full CASRN or another identifying number. Search results will display CASRNs or other numbers that exactly match the numbers that you entered.

- **CA Index Name or Other Synonym:** You may enter a full or partial CA index name, biological name, EPA registry name, or other synonym. Search results will display CA index names or other synonyms that contain, begin with, or exactly match the name that you entered. Use the drop-down menu to specify the search criteria.

For chemical substances listed on the confidential portion of the TSCA Inventory, Search by Accession Number and/or Generic Name: Enter data in the ‘Accession Number’ field and/or the ‘Generic Name’ field and click the ‘Search’ button. Search results will display in a table format at the bottom of the screen. If no information is retrieved back from SRS, the bottom of the screen will display a ‘No Results Found’ message.

- **TSCA Accession Number:** You may enter a full or partial Accession number. Search results will display Accession numbers that contain, begin with, or exactly match the numbers that you entered. Use the drop-down menu to specify the search criteria.

- **Generic Name:** You may enter a full or partial generic name. Search results will display generic names that contain, begin with, or exactly match the name that you entered. Use the drop-down menu to specify the search criteria.

When searching by generic name, please be aware that the same Generic Name may have been used for different chemical substances. Only the Accession Number is unique. You should take care to ensure that you are selecting the correct chemical substance.

After populating the chemical(s) substance information, you are required to enter the percent composition for each chemical substance under the Section 4.D.2 table. The total of all the chemical substances percent composition (%) must add up to, but not exceed, 100%. You can check the ‘Contains Non-reportable Substances’ checkbox if the percent composition (%) is less than 100%.

The ‘Section 4.D – Trade Product Identification Info’ screen is the last screen in the Joint CDR Form U. Once you have completed all sections, click the ‘Save’ button on the page and continue with validating the form and submitting. Refer to **Section 4** for instructions on validating a Joint CDR Form U and **Section 5** for instructions on submitting a Joint CDR Form U.
4 Validate

You can click the ‘Validate’ icon (✔️) at any stage during the completion of a Joint CDR Form U to check for missing or invalid data. The ‘CDR Form U Validation’ pop-up window will display every time you click the ‘Validate’ icon (✔️). The ‘CDR Form U Validation’ pop-up window will display a report of all the validation errors and warning messages.

**Validation Errors:** Errors are denoted by an error icon (⚠️) and can be fixed by clicking the error link. The links will display the screen section (e.g., Technical Contact Information (4.B)), the field section name (e.g., 4.B.1), and the associated error. After you click a link, the main screen will display the section where the error occurred so you can easily fix the issue. Once you have fixed the error, click the ‘Validate’ icon (✔️) again to refresh the ‘CDR Form U Validation’ pop-up window. If the information you fixed passes validation, the error will be removed from the ‘CDR Form U Validation’ pop-up window. You must correct all validation errors in order to submit the form to EPA via CDX. Once all validation errors have been resolved, if the ‘Validate’ icon (✔️) is clicked, the ‘CDR Form U Validation’ screen will indicate that there are no validation errors.

**Warning Messages:** Warnings are denoted by a warning icon (⚠️) and can be addressed by clicking the warning link. The links will display the screen section, field section name, and the associated warning. After you click a link, the main screen will display the section where the warning occurred so you can verify the data’s validity. Once you have corrected or verified the data, click the ‘Validate’ icon (✔️) again to refresh the ‘CDR Form U Validation’ pop-up window. If the information you corrected or verified passes validation, the warning will be removed from the ‘CDR Form U Validation’ pop-up window. Once all validation warnings have been resolved, if the ‘Validate’ icon (✔️) is clicked, the ‘CDR Form U Validation’ screen will indicate that there are no validation warnings. Although you should verify that the data indicated in the warning is valid, the tool will still allow you to pass validation and submit a form to EPA with active warning messages.

Close the ‘CDR Form U Validation’ pop-up window by clicking the ‘X’ button at the top right of the screen.
