

Daviess County, Kentucky Seeks an LFG Energy Project Developer

*As a service to our Partners and other stakeholders, EPA's Landfill Methane Outreach Program (LMOP) is sharing information about a **Request for Proposals (RFP)** issued by Daviess County Fiscal Court, Kentucky. Please note that EPA is not affiliated in any way with this RFP, including the selection process. Information provided below is directly from the RFP.*

Daviess County Fiscal Court is seeking interested parties for the **development and implementation of a landfill gas (LFG) energy project at the West Daviess County Landfill**, at 7772 KY-815, Owensboro, KY. The selected proposal team will be responsible for overall project development, including sales agreement negotiations, permitting, design, construction, financing, ownership, and operations.

The **end-use options** to be considered include process and sale of medium-Btu LFG to a local user; process, sale and export of high-Btu LFG to a local pipeline; onsite electricity generation for sale to the grid; or other options presented by proposal teams.

A **non-mandatory pre-proposal conference and site visit** will be held at **9:00 AM (CT)** on **June 12, 2019** at the landfill. Proposal teams interested in a **gas sample for analysis** must notify Daviess County Fiscal Court by **June 24, 2019**. **Proposals are due** no later than **2:00 PM (CT)** on **July 24, 2019**.

The **RFP is available on the County's website** at <https://www.daviessky.org/county-government/current-bid-documents/>.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
