

Registration Open for RNG Workshop on September 24, 2019

Registration Open!

2019 Renewable Natural Gas Workshop

September 24, 2019
Reno, Nevada

The U.S. EPA Landfill Methane Outreach Program (LMOP) is pleased to inform program stakeholders that the third annual **Renewable Natural Gas (RNG) Workshop** will be held on **September 24, 2019** in **Reno, Nevada**. The workshop, co-hosted by U.S. EPA and the American Gas Association (AGA), will provide a forum to discuss RNG topics affecting gas utility operations.

Biogas suppliers and project developers, natural gas utility representatives, researchers and other stakeholders will present on a range of topics including **gas quality and interconnection guidelines, utility RNG offerings and project case studies**.

The RNG Workshop will be **open to the public and free to attend**. More information about this event including how to register is available on EPA's [Natural Gas STAR Program website](#).

The workshop will be held in conjunction with AGA's Operations Section Committee Meetings at the Peppermill Reno at 2707 S. Virginia Street, Reno, NV 89502.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
