

Two RNG Event Opportunities Next Month!

RNG WORKS 2019

**September 11-12, 2019
Nashville, Tennessee**

LMOP is pleased to inform stakeholders that it will be attending and presenting at **RNG WORKS: Technical Workshop & Trade Expo**, hosted by The Coalition for Renewable Natural Gas (RNG Coalition), on **September 11 and 12, 2019** at the Music City Center in **Nashville, Tennessee**.

The purpose of the two-day program is to educate, demonstrate and promote best RNG industry practices. **LMOP will present** on EPA voluntary programs involved with RNG projects, LMOP tools related to RNG project development and LMOP data on landfill gas energy projects.

RNG WORKS 2019 will feature RNG segments regarding Sustainability, Renewable Fuel, Renewable Gas, Renewable Power, Project Finance, Project Development, Upgrading Biogas, Anaerobic Digestion, Landfill Management and Siloxane Education.

The full agenda and registration information are available on the RNG Coalition's [RNG WORKS webpage](#).

2019 Renewable Natural Gas Workshop

**September 24, 2019
Reno, Nevada**

LMOP would like to remind program stakeholders that the third annual **Renewable Natural Gas (RNG) Workshop** will be held on **September 24, 2019** in **Reno, Nevada**. The workshop, co-hosted by U.S. EPA and the American Gas Association (AGA), will provide a forum to discuss RNG topics affecting gas utility operations.

The **detailed agenda is now available** on EPA's [Natural Gas STAR Program website](#). Biogas suppliers and project developers, natural gas utility representatives, researchers and other stakeholders will present on a range of topics including **gas quality and interconnection guidelines, utility RNG offerings and project case studies**.

The RNG Workshop will be **open to the public and free to attend**. More information about this event including how to register is available on EPA's [Natural Gas STAR Program website](#).

The workshop will be held in conjunction with AGA's Operations Section Committee Meetings at the Peppermill Reno at 2707 S. Virginia Street, Reno, NV 89502.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
