

## THE BRILLIANT & PROFITABLE ROLE OF CONSERVATION EASEMENTS IN SUPERFUND SITE REDEVELOPMENT

Lucrative projects, public benefit and happy communities - land conservation easements can play a brilliant and profitable role in the redevelopment of Superfund sites and brownfield properties. Part of Superfund Redevelopment's roundtable webinar series, this training will focus on opportunities, benefits, strategies, liability protections and risk management for partnerships between developers, local and state governments, and land trusts. This interactive session will include robust Q&A as well as an opportunity for participants to share their perspectives on how to encourage more and faster Superfund site redevelopment across the country. Presenters will answer questions about available resources and support, share best practices and update participants on the latest tools and guidance.

### PRESENTERS:

Frank Avvisato, EPA Superfund Redevelopment  
Scott Miller, EPA Region 4  
Bill Denman, EPA Region 4  
Kat West, Skeo Solutions  
Alex Size, The Trust for Public Land
