

RFP for RNG Facility in Illinois - December 10 Meeting

*As a service to our Partners and other stakeholders, EPA's Landfill Methane Outreach Program (LMOP) is sharing information about a **Request for Proposals (RFP) issued by Will County, Illinois**. Please note that EPA is not affiliated in any way with the review and selection process. Information provided below is based on the RFP.*

Will County invites proposals from qualified vendors for the **engineering, procurement and construction (EPC) of a gas upgrading, compression and quality monitoring system** at the Prairie View Landfill in Wilmington, IL.

The scope of the EPC services includes, but is not limited to, permitting, process design, equipment procurement, construction management, and gas treatment and compression. The project will result in a renewable natural gas product suitable for injection into a natural gas pipeline.

A **mandatory pre-proposal meeting** will be held at **10:00 AM (CST)** on **December 10, 2019**, at the Will County Office Building, 302 N. Chicago Street, 2nd Floor, Joliet, IL 60432. Attendees of this meeting must pre-register by email by **4:00 PM (CST)** on **December 6, 2019**.

Proposals are due no later than **10:00 AM (CST)** on **January 10, 2020**.

The **RFP is available on the County's website** at <https://www.willcountyillinois.com/County-Offices/Administration/Purchasing/Current-Bids> under the "Prairie View Gas Upgrading" section.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
