

Q&A

- **U.S. EPA:** You talked about remediation on the last slide. Can you elaborate on how the building was remediated?
 - **Kristen Keteles:** The bedding, carpets, and drapes were all destroyed, and the building was gutted.
- **U.S. Army Combat Capabilities Development Command:** I am curious about how the incident was discovered. Were people sick in the hospital after being exposed?
 - **Kristen Keteles:** Yes, one of the employees reported it. We worked with ATSDR when the victims were identified.
