2. Site EPA ID Number

3. Site Name

4. Site Location Address

5. Site Mailing Address

6. Site Land Type

As the treatment, storage, or disposal facility (TSDF) helping manage your hazardous waste, we want to ensure our customers are aware of recent regulatory changes that impact small businesses. Under U.S. EPA's Hazardous Waste Generator Improvements Rule, small quantity generators (SQGs) are now required to re-notify every four years. To satisfy this requirement, SQGs need to update their Notification of RCRA Subtitle C Activities (Site Identification Form), also known as EPA Form 8700-12, or state equivalent* by

September 1,

For more information and to see if this requirement is in effect in your state, contact your state or EPA regional office. Additional information regarding hazardous waste generation and applicable regulations can be found at www.epa.gov/hwgenerators.

**Note: Some states have electronic reporting options available for this notification.*
