EPA’s Policy Amendments to the New Source Performance Standards for the Oil and Gas Industry

- **Natural Gas Production & Processing**
  - Storage tanks
  - Well completions
  - Pneumatic controllers
  - Processing plant leaks
  - Compressors
  - Equipment leaks
  - Pneumatic pumps

- **Oil Production**
  - Storage tanks
  - Pneumatic controllers
  - Well completions
  - Equipment leaks
  - Pneumatic pumps

- **Natural Gas Transmission and Storage**
  - Storage tanks
  - Compressors
  - Equipment leaks
  - Pneumatic controllers

- **Natural Gas Distribution**
  - Has never been covered under the NSPS

**Key**
- Must continue to meet VOC requirements; methane requirements rescinded
- Removed from regulation under the NSPS

Crude oil sent to petroleum refinery (not covered by Oil and Gas NSPS)
