

Call for Presenters for RNG WORKS 2020 - 9/15 Deadline

*As a service to our Partners and other stakeholders, EPA's Landfill Methane Outreach Program (LMOP) is sharing information about a **Call for Proposals** by the **Coalition for Renewable Natural Gas (RNG Coalition)**. Please note that EPA is not affiliated in any way with the review and selection process. Information provided below is based on information from the RNG Coalition's website.*

RNG Coalition is requesting proposals from prospective presenters for the **RNG WORKS 2020 Technical Workshop & Trade Expo** scheduled to be held on **September 30 - October 1, 2020**, in Nashville, Tennessee, USA. Proposals are sought that help educate, demonstrate and promote industry best practices both to industry stakeholders (customers, competitors, etc.) and **help educate the general public about the environmental benefits associated with sustainable development, deployment and utilization of RNG from society's waste streams.**

If the live and in-person event is cancelled due to COVID-19, presenters will have the opportunity to include their content in an RNG WORKS public education package that the RNG Coalition will make available to all registrants and the general public.

To be considered, **proposals** must be submitted no later than **September 15, 2020**, **directly to the RNG Coalition** via email to info@RNGCoalition.com.

For **questions** about this Call for Proposals, **contact the RNG Coalition directly** using the contact information on the RNG Coalition website at <http://www.rngcoalition.com/>.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
