

This job aide covers managing email notifications for State Reviewer, EPA Rule Lead, and EPA Regional Reviewer roles.

As a State Reviewer, EPA Regional Reviewer, or EPA Rule lead, you can manage the emails you receive from CEDRI notifying you of reporting activity for facilities in your jurisdiction. Notification delivered to state and EPA roles are summarized in Table 1, indicating the event triggering the email and the role receiving the email.

**Note:** The default setting in CEDRI is all email notification filters disabled. This means that you will receive an email notification any time a report is submitted, withdrawn, or has its transfer date extended for facilities in your jurisdiction (state or region). Notification filters are used to restrict the email notification you receive by geography, rule, or type of report.

Notification	Roles that receive the notification	When it is sent
Submission Signed	State Reviewer,	When a Certifier submits a report
by Industry	EPA Rule Lead,	
(includes Push	EPA Regional Reviewer	
Backs)		
Submission Signed	Certifier,	When EPA submits a report
by EPA	Preparer	
	State Reviewer,	When a report is withdrawn by a
Report Withdrawn	EPA Rule Lead,	Certifier or EPA Reviewer within
	EPA Regional Reviewer	your jurisdiction
	State Reviewer,	When a report has it's WebFIRE
Extend Transfer	EPA Rule Lead,	transfer date extended by a State
Date	EPA Regional Reviewer,	Reviewer or Regional Reviewer
	EPA Reviewer	

Table 1

To begin, select the 'Manage eMail Notifications' button in the dashboard or 'My Notifications' tab at the top of the CEDRI page (Exhibit 1).

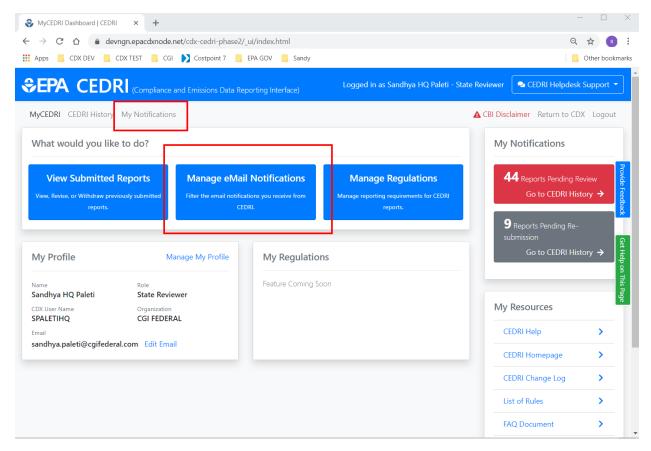

Exhibit 1

After selecting the 'My Notifications' tab, you are brought to the 'My Notifications' page. From here, you may toggle notifications on/off (Exhibit 2), add filters to notifications you receive (Exhibit 2), or View/Edit/Deactivate/Delete notifications (Exhibit 2).

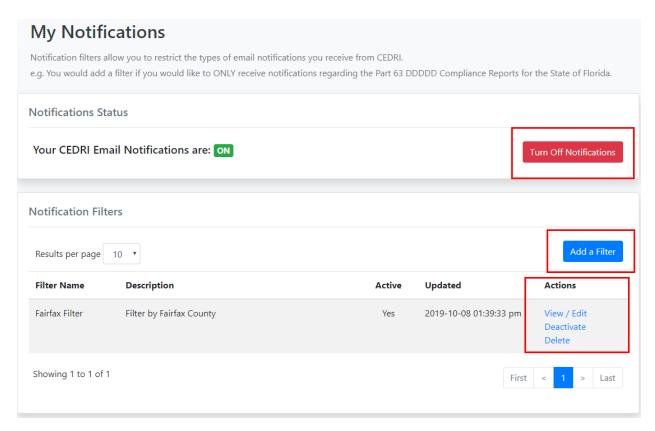

Exhibit 2

#### Add a Notification Filter

There are 3 steps to set notification filters (Exhibit 3):

Step 1: Create/Edit Filters:

Filter by Report Type

Filter by Geography

Filter by Rule

Step 2: Choose Notification Destination

Step 3: Review and Save

Clicking the 'Add Filter' button (Exhibit 2) brings you to the Create/Edit Notification Filter page (Exhibit 3). To create a new filter, enter a Filter Name and Description (Exhibit 3). After adding a Filter Name and Description, select the Filter Contents you wish to use by clicking the toggle button next to each question (Exhibit 3).

**Note:** You may create as many notification filters as necessary to effectively manage the notifications you receive form CEDRI. Click the 'Add a Filter' button on the 'My Notifications' page (Exhibit 2) to repeat the filter set up process.

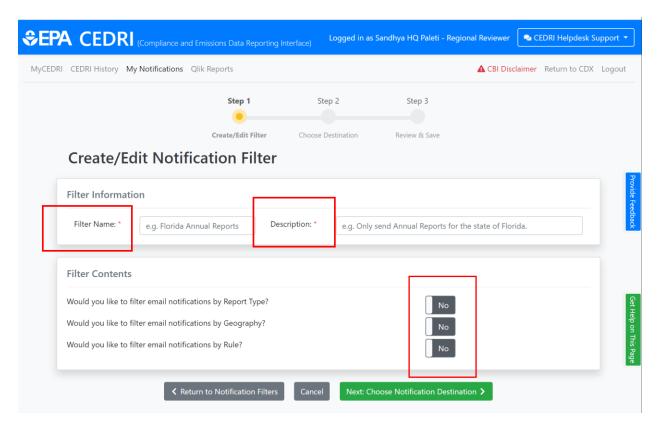

Exhibit 3

#### Filtering by Report Type

To filter by Report Type, click the toggle to 'Yes' to expand the filter pane (Exhibit 4). The default setting is to allow notifications for all report types. To filter by individual reports, click the toggle in the filter pane to change from 'Select All' to 'Select from List' and then select one or more items from the list (Exhibit 5). To remove an individual filter selection, click the 'x' on the report type selection. To clear all selections, click the 'x' on the selection window. To close the dropdown list, click outside of the dropdown (Exhibit 6).

Exhibit 4

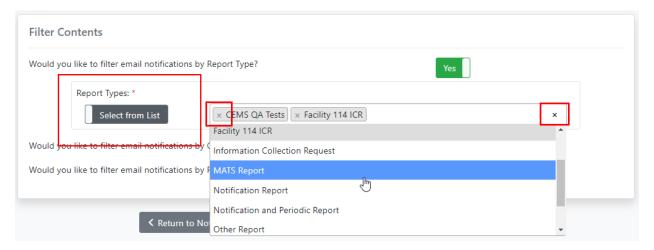

Exhibit 5

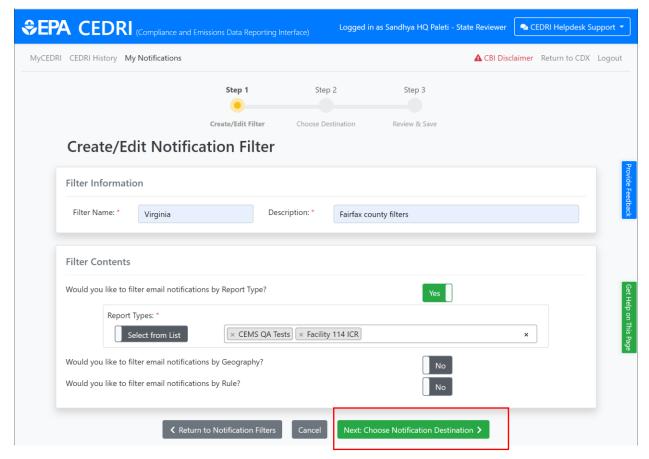

Exhibit 6

You may set geography and rule filters in a similar manner. When you are satisfied with your filter settings, click 'Next: Choose Notification Destination' to continue with the process (Exhibit 7).

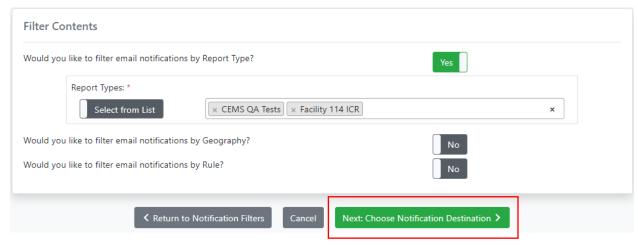

Exhibit 7

#### Filtering by Geography

To filter by geography, click the toggle to 'Yes' to expand the filter pane (Exhibit 8). The default setting is to allow notifications for all states that you are associated with as a State Reviewer. To add a state filter, select the 'Add a State' button (Exhibit 8).

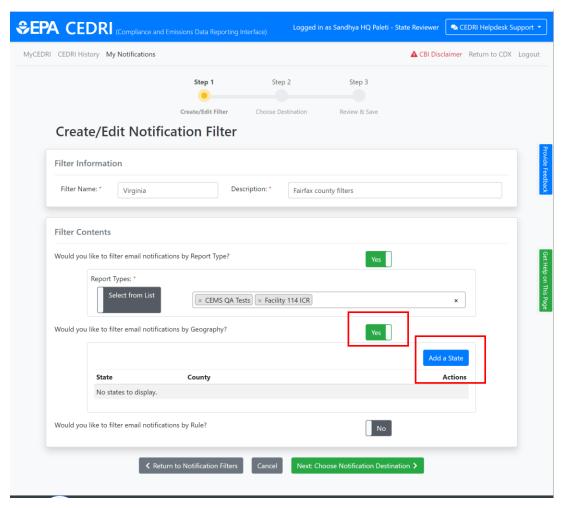

Exhibit 8

Selecting 'Add a State' launches the 'Select State and Counties' window (Exhibit 9). To begin, select the States or U.S. Territories to filter on from the 'State/Territories' dropdown. This dropdown only contains the states or territories that are associated to your CDX State Reviewer or EPA Regional Reviewer profile (Exhibit 10)

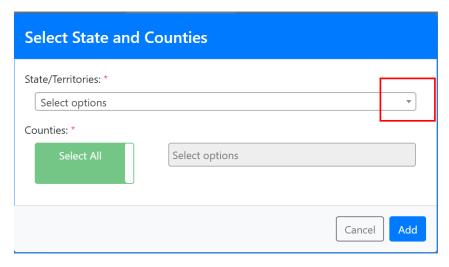

Exhibit 9

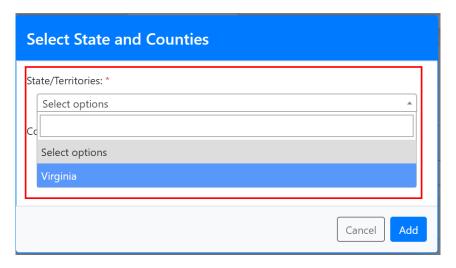

Exhibit 10

Once you have selected your state or territory, you may filter to the county level. To do this, switch the 'Counties' toggle from 'Select All' to 'Select from List' to select applicable counties (Exhibit 11).

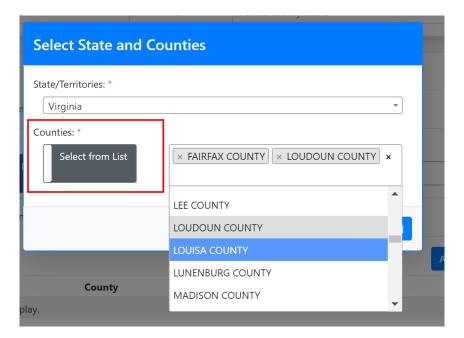

Exhibit 11

After selecting applicable counties, click outside of the dropdown to continue (Exhibit 12). Review your choices, and when satisfied, click 'Add' to add the filter.

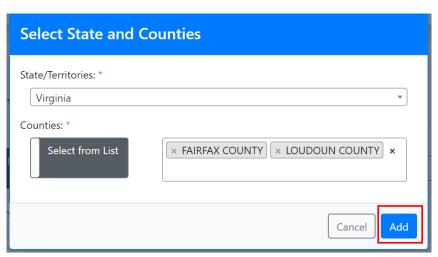

Exhibit 12

When satisfied with the filters, click 'Next: Choose Notification Destination' to continue with the process (Exhibit 13).

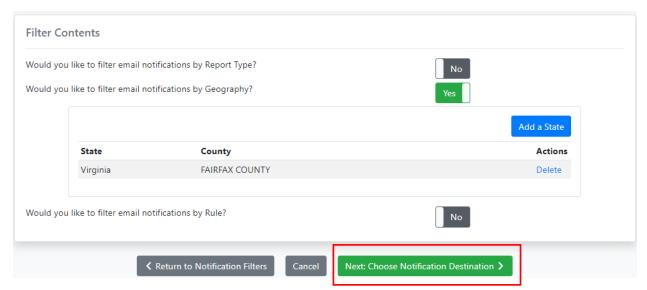

Exhibit 13

### Filtering by Rule

To filter by Rule, click the toggle to 'Yes' to expand the filter pane (Exhibit 14). The default setting is to allow notifications for all rules.

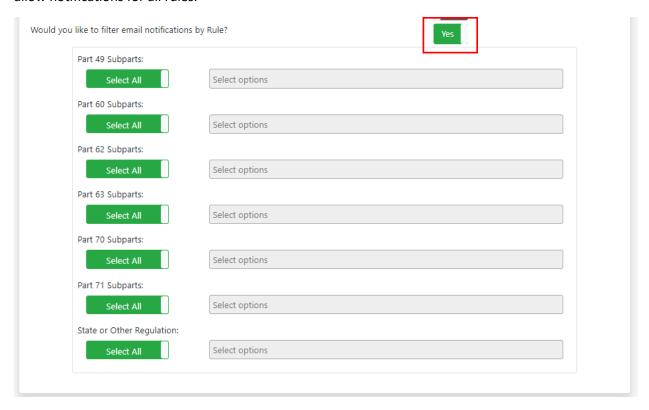

Exhibit 14

Selecting a rule follows the same process for all Parts & Subparts. First, click the toggle of your desired Part to change it from 'Select All' to 'Select from List' (Exhibit 15). Next, select all applicable subparts from the 'Select options' field (Exhibit 15), and click outside the dropdown to close the dropdown. When you are satisfied with the rules you have selected, click 'Next: Choose Notification Destination' to continue with the process (Exhibit 15).

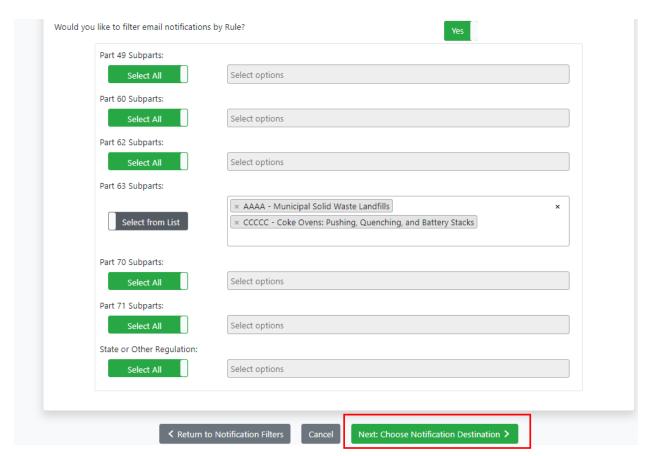

Exhibit 15

### Choosing a Notification Destination

Choosing your notification destination requires setting the destination email address for the notifications. The default is to send notifications to your CDX registered email address (Exhibit 16).

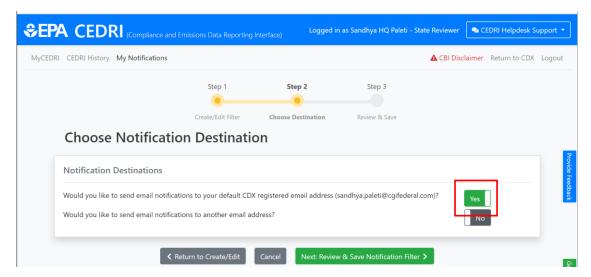

Exhibit 16

**Note:** You may receive notifications at multiple email address by enabling delivery to the CDX registered email and another email address.

To change your desired email address, switch the top toggle to 'No', and the bottom toggle to 'Yes' and click 'Add Email Address' to add an email address to your notification filter (Exhibit 17).

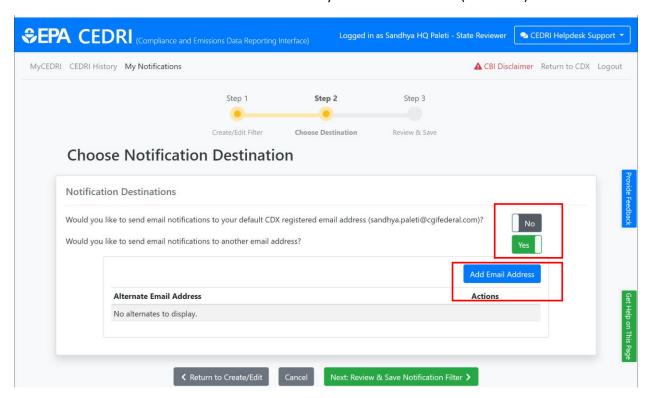

Exhibit 17

Clicking 'Add Email Address' launches a window prompting you to enter in the alternate email address. Select 'Save' to save your new email address and continue (Exhibit 18).

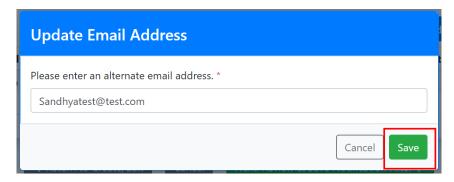

Exhibit 18

Once you are satisfied with your email destinations, select 'Next: Review & Save Notification Filter' to continue (Exhibit 19).

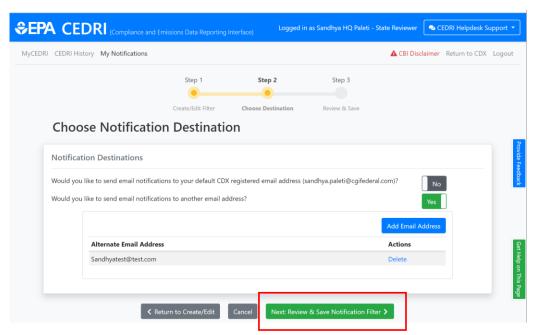

Exhibit 19

### Review and Save your Notification Filter

Once you have completed the Create/Edit Filter and Choose Notification Destination steps, it is time to review your filter information and save your notification filter. Verify the filter settings and select 'Save Notification Filter' to apply your filter (Exhibit 20). Future report submissions satisfying your filter criteria will be delivered to the specified email address(es).
