

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation's water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

BALTIMORE CITY DEPARTMENT OF PUBLIC WORKS

PROJECT NAME: Wastewater Rehabilitation Program 2020

LOCATION: Baltimore, MD

INVITED WIFIA LOAN AMOUNT: \$64 million

POPULATION SERVED BY PROJECT: 1,600,000

PROJECT TYPE: Wastewater

PROJECT DESCRIPTION:

The City of Baltimore's Wastewater Rehabilitation Program 2020 will include five subprojects. Two projects at the Patapsco Wastewater Treatment plant will rehabilitate the clarifiers and gravity sludge thickeners and the liquid oxygen facilities. Two projects at the Back River Wastewater Treatment plant will rehabilitate the activated sludge plant 3 clarifiers and the egg-shaped digesters respectively. The final project will rehabilitate the high level interceptor. The purpose is to ensure wastewater system reliability, safeguard public health and environmental quality, and continue compliance with permits and other relevant regulations.

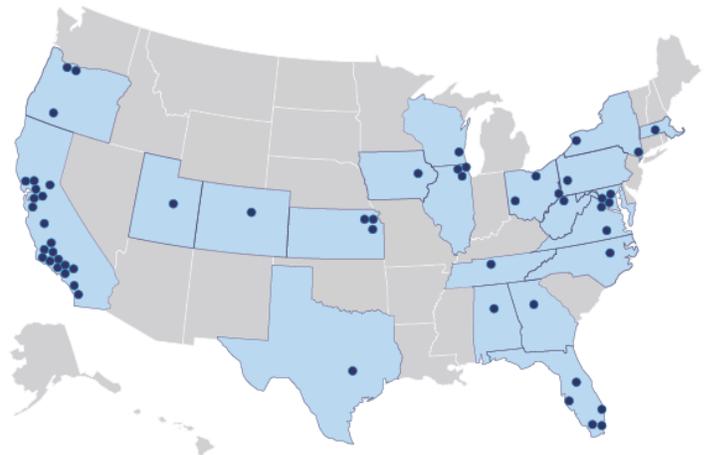

FY 2020 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 55

TOTAL LOAN AMOUNT: \$5.1 billion

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: \$12.5 billion

NUMBER OF PEOPLE IMPACTED:
25 million in 20 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
