

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation's water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

JOHNSON COUNTY WASTEWATER

PROJECT NAME: Wastewater Integrated Management Plan: Foundation Project Delivery Program

LOCATION: Olathe, KS

INVITED WIFIA LOAN AMOUNT: \$243 million

POPULATION SERVED BY PROJECT: 292,000

PROJECT TYPE: Wastewater

PROJECT DESCRIPTION:

The Wastewater Integrated Management Plan will consist of two projects to improve existing wastewater treatment facilities: 1) complete rehabilitation and upgrade of the Nelson Complex Wastewater Treatment Facility and 2) complete rehabilitation and expansion of the Mill Creek Regional Wastewater Treatment Facility, including biological nutrient removal upgrades. The purpose of these projects is to implement the latest proven treatment approaches and technologies to achieve improved effluent quality and wet weather flow management and to replace aging facilities.

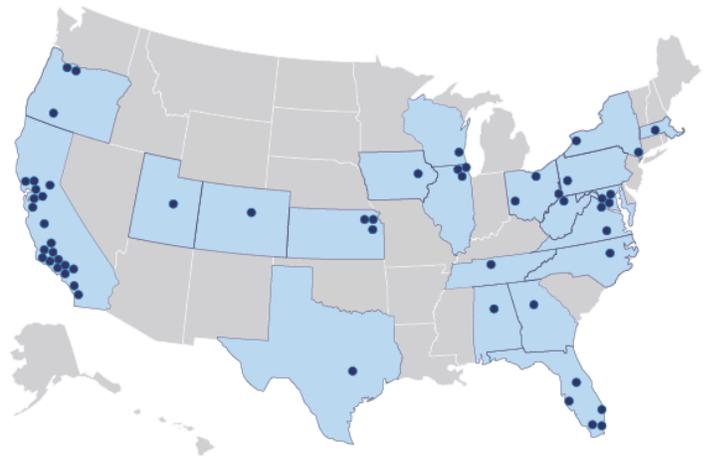

FY 2020 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 55

TOTAL LOAN AMOUNT: \$5.1 billion

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: \$12.5 billion

NUMBER OF PEOPLE IMPACTED:
25 million in 20 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
