

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation's water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

METRO WATER SERVICES

PROJECT NAME: Process Advancements at Omohundro and K.R. Harrington Water Treatment Plants

Project

LOCATION: Nashville, TN

INVITED WIFIA LOAN AMOUNT: \$129 million

POPULATION SERVED BY PROJECT: 722,043

PROJECT TYPE: Drinking Water

PROJECT DESCRIPTION:

The Process Advancements at Omohundro and K.R. Harrington Water Treatment Plants Project will include installing GAC post filter adsorbers at both facilities to achieve water quality and process enhancements, upgrading the Omohundro Water Treatment Plant to increase the capacity from 90 million gallons per day (MGD) to 120 MGD, and constructing a new 120 MGD raw water pumping station. The purpose of this project is to provide water quality advances beyond the existing water treatment process including addressing a wide range of emerging contaminants.

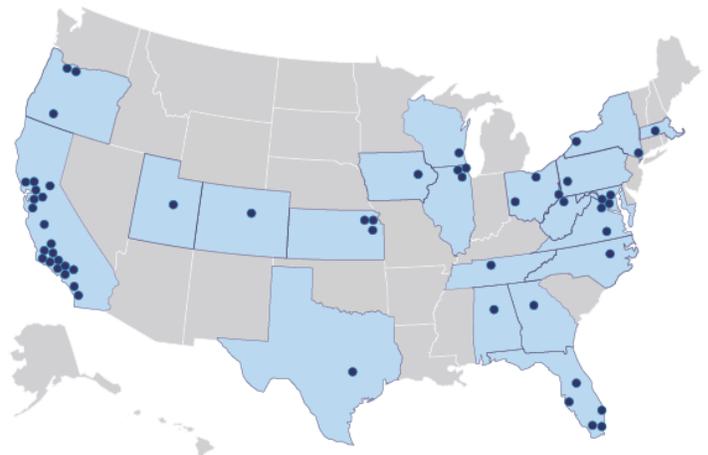

FY 2020 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 55

TOTAL LOAN AMOUNT: \$5.1 billion

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: \$12.5 billion

NUMBER OF PEOPLE IMPACTED:
25 million in 20 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
