Region 1 and their states, tribes and territories	Pre-SFIREG Meeting	11/10/20
Region 3 and their states, tribes and territories	Pre-SFIREG Meeting	11/16-17/20
Region 10 and their states, tribes and territories	Pre-SFIREG Meeting	11/17-19/20

Highlights of Early Input from States, Tribes and Associations

- The National Tribal Toxics Council recommended that as the agency moves into the risk management phases following completion of TSCA risk evaluations, there should be coordination and collaboration with Regional Offices to obtain local information and input to plan, analyze and implement at the regional, state/tribal and local levels.
- Some states, tribes and territories asked for clarification of how the OCSPP National Program Guidance (NPG) ties in with the FIFRA Cooperative Agreement Guidance.

Next Steps

OCSPP and the Regional Offices will consider the early input received from state, territory, and tribal partners in developing the draft FY 2022-2023 National Program Guidance for agency and public comment.
