

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation’s water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

PRINCE WILLIAM COUNTY SERVICE AUTHORITY

PROJECT NAME: Booster Pump Station, Water Main Construction, and SCADA System Upgrade

LOCATION: Woodbridge, VA

INVITED WIFIA LOAN AMOUNT: \$40 million

POPULATION SERVED BY PROJECT: 94,000

PROJECT TYPE: Drinking Water

PROJECT DESCRIPTION:

The Booster Pump Station, Water Main Construction, and SCADA System Upgrade will include: 1) construction of a new Four Season/Montclair booster pump station; 2) design and construction of a water main along Route 1; 3) design and construction of steel water mains and a finished water pump; and 4) a SCADA system upgrade. The purpose of the projects is to provide auxiliary pumping capacity and improve system reliability.

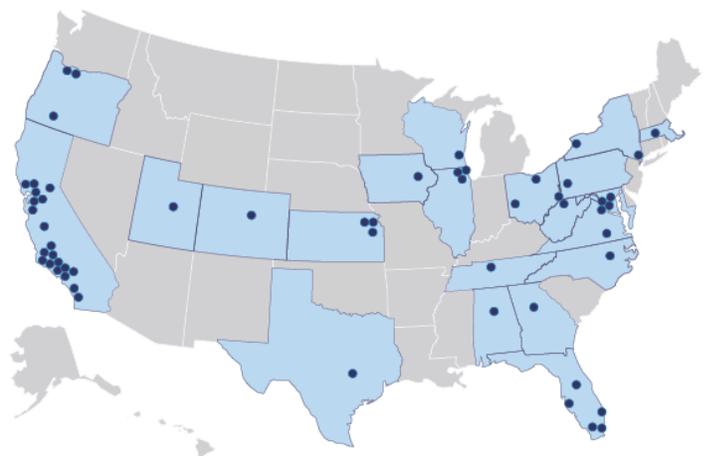

FY 2020 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 55

TOTAL LOAN AMOUNT: \$5.1 billion

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: \$12.5 billion

NUMBER OF PEOPLE IMPACTED:
25 million in 20 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
