

**Volunteer/Unpaid, DENVER, CO – EPA Region 8, Brownfields Impact Intern (CLOSING DATE:  
03/26/2021)**

**Background:**

Earth Day is every day at EPA! At EPA, you can protect human health and the environment of all Americans, and you'll discover that EPA is one great place to work! Our diverse workforce connects to more than just a career--we share a common passion to promote a cleaner, healthier environment. Discover how exciting safeguarding our natural resources and protecting human health can be.

The Brownfields & Redevelopment Team works with a diverse set of partners across the Mountains and Plains Region to assess, cleanup and safely reuse brownfield properties. Brownfields are found in every community and some common examples include former service stations, scrapyards, drycleaners, vacant commercial buildings and factories. The Team is looking to add a student who can help capture, analyze and communicate key data that will help demonstrate the value of Brownfields reuse and will help the Team improve its delivery of services in the future.

**Position Description:**

As the Brownfields Impact Intern you will be working with a multidisciplinary team to design a strategy to capture and communicate key reuse data that will demonstrate the long-term value of Brownfields reclamation with a focus on disproportionately impacted communities.
