

## **Don't Let Your** nvestment Go up in Smoke

Burn Dry, Seasoned Firewood

Breathe easier and save money, energy, and time with these four simple steps:

- 1. Split wood for faster drying.
- 2. Stack wood split side down and away from buildings.
- 3. Cover top of the stack to protect it from rain or snow.
- 4. Store and dry softwood for at least 6 months and hardwood for at least 12 months.
