MEMORANDUM

SUBJECT: Notification of Audit: Awarding, Monitoring, and Performance of EPA Great Lakes Restoration Initiative Grants

Project No. OA-FY21-0227

FROM: Khadija Walker, Director
Business Operations Directorate
Office of Audit

TO: Cheryl Newton, Acting Administrator
EPA Region 5

Chris Korleski, Director
Great Lakes National Program Office

July 20, 2021

The Office of Inspector General for the U.S. Environmental Protection Agency plans to begin fieldwork on this audit beginning in July 2021. This audit is included in the OIG’s Fiscal Year 2021 Oversight Plan. The audit will examine the EPA’s execution and monitoring of Great Lakes Restoration Initiative grants to determine whether they were awarded in accordance with federal grants requirements and to assess how the Great Lakes Restoration Initiative projects support the Agency’s goals for the Great Lakes. This audit also addresses the following top management challenge for the Agency, as identified in our EPA’s FYs 2020–2021 Top Management Challenges report, issued July 21, 2020: overseeing states, territories, and tribes responsible for implementing EPA programs.

The OIG’s objectives for this audit are to determine:

1. Whether the EPA awarded and monitored Great Lakes Restoration Initiative grants in accordance with the Uniform Grant Guidance (2 C.F.R. 200) and other applicable federal laws, regulations, policies, and procedures.

2. The extent to which EPA Great Lakes Restoration Initiative grants support the Agency’s program goals for the Great Lakes.

The OIG plans to conduct work within the EPA Region 5 Great Lakes National Program Office. Applicable generally accepted government auditing standards will be used in conducting our audit. The anticipated benefits of this audit are improved operational efficiency and effectiveness in the management of EPA Great Lakes Restoration Initiative grants and the protection and restoration of the Great Lakes.
We will contact you to arrange a mutually agreeable time to discuss our objectives. We would also be particularly interested in any areas of concern that you may have. We will answer any of your questions about the audit process, reporting procedures, methods used to gather and analyze data, and what we should expect of each other during the audit. Throughout the audit, we will provide updates on a regular basis.

We respectfully note that the OIG is authorized by the Inspector General Act of 1978, as amended, to have timely access to personnel and all materials necessary to complete its objectives. Similarly, EPA Manual 6500, Functions and Activities of the Office of Inspector General (1994), requires that each EPA employee cooperate with and fully disclose information to the OIG. Also, Administrator Michael S. Regan, in an April 28, 2021 email message to EPA employees, conveyed his “expectation that EPA personnel provide OIG timely access to records or other information” and observed that “full cooperation with the OIG is in the best interest of the public we serve.” We will request that you immediately resolve the situation if an Agency employee or contractor refuses to provide requested materials to the OIG or otherwise fails to cooperate with the OIG. We may report unresolved access matters to the administrator and include the incident in the Semiannual Report to Congress.

We will post this memorandum on our public website at www.epa.gov/oig.
