

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF WATER

MEMORANDUM

SUBJECT: Final Allotments of FY 2021 Appropriations for the Assistance to Small and Disadvantaged Communities Grants, Authorized under Section 1459A of the Safe Drinking Water Act, as amended by Section 2104 of the Water Infrastructure Improvements for the Nation Act

FROM: Anita M. Thompkins, Director
Drinking Water Protection Division

TO: Water Division Directors
Regions 1-10

Attached are the final fiscal year (FY) 2021 Assistance to Small and Disadvantaged Communities grant allotments. The final amount available for this program in FY 2021 is \$25,880,000. Attached are the state and territorial allotments as well as the total amount available to support tribal water systems.

The grant implementation document is available at <https://www.epa.gov/safewater/grants>.

- For FY 2021 funding the 45 percent non-federal cost share or match is not required. The U.S. Environmental Protection Agency (EPA) is applying a waiver to all grant applicants of the statutory 45 percent cost share in FY 2021 only, due to the financial constraints caused by the COVID-19 pandemic across the country. Waiver of the 45 percent cost share is at the discretion of EPA.
- Applications will be accepted on <https://www.grants.gov>.
- The regions will approve the final grant application package.
- The deadline for participating states and territories to submit their final application package to <https://www.grants.gov> is June 30, 2022.

EPA intends to release another memo in the fall to provide allotments for funding that was not awarded in the previous grant cycle. EPA also intends to release a separate memo with the Regional allotments to support activities in American Indian and Alaska Native Communities.

If you have any questions about the allotment calculations, please call me, or have your staff contact Cathy Davis at (202) 564-2703 or Davis.CatherineM@epa.gov.
