

## DHEERAAD – KA ILAALIN QOYSKAAGA LEADKA GURIGAAGA

### Waxaa la cusboonaysiiyay Janaayo 2020 nuqulka

Macluumaadka soo socda waxa uu badalayaa macluumaad ku yaala **Boga 11**:

**Hadii gurigaaga laga nadiifiyay lead** ama hadii gurigaagu uu qaato kaalmo federal ah, marka shaqada la dhameeyo., hawlaha ka saarida dhaska waa in qabtaa ilaa inta tijaabada nadaafadu muujinayso in heerka ugu yar ee dhasku uu jiro kaas oo u baahan heerarka soo socda:

- 10 micrograms isku wareeg fuudhkiiba ( $\mu\text{g}/\text{ft}^2$ ) dhulka, oo ay ku jiraan dhulka roogaga ah
- 100  $\mu\text{g}/\text{ft}^2$  dabaadhka daaqada gudaha
- 400  $\mu\text{g}/\text{ft}^2$  meelaha godan ee daaqa

**Abatements waxaa loogu talo geley inuu gebi ahaanba meesha ka saaro waxyeelada ranjiga.** Laakiin, dhasku waxa uu dib usoo geli karaa meelaha laga saaray.

- U isticmaal faakuyuumka HEPA dhamaan alaabaadka iyo shayada kale ee lagu soo celinayo aaga, si loo yareeyo inuu soo noqdo naska leadku.
- Waxa aad ii joogto ah ugu nadiifi funka, dahaashka daaqada, meelaha godan ee daaqa iyo meelaha kale ee dusha ah maro ama buush iyo nadiifiyaha guud.

Fadlan eeg boga 9 wixii macluumaad dheeraad ah ee talaabooyinka aad qaadi karto si aad u ilaaliso gurigaaga kadib marka abatement lagu sameeyo. Wixii kaalmada helitaanka xirfadle abatement oo shahaado u haysta oo deegaankaaga ah, la hadal gobolka aa hay'ada deegaanka (eeg boga 15 iyo 16), ama booqo visit [epa.gov/lead](http://epa.gov/lead), ama la hadal 1-800-424-LEAD.
