CITY OF PORT WASHINGTON

PROJECT NAME: Water Treatment Plant Improvement Project

LOCATION: Port Washington, WI

INVITED WIFIA LOAN AMOUNT: $12 million

POPULATION SERVED BY PROJECT: 12,000

PROJECT DESCRIPTION:
The Water Treatment Plant Improvement project will upgrade the level of treatment, eliminate code deficiencies, and modernize existing infrastructure at the Port Washington Water Treatment Plant. The purpose of these projects is to address the potential failure issues at the water treatment plant that will jeopardize the reliability of the drinking water system.

FY 2021 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 40

NUMBER OF PROJECTS WAITLISTED: 4

TOTAL LOAN AMOUNT: $8.9 billion

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: $19 billion

NUMBER OF PEOPLE WHO BENEFIT: 50 million in 24 states

The WIFIA program will provide selected entities with innovative financing tools to address pressing public health and environmental challenges in their communities. Consistent with the announced priorities, selected projects will support infrastructure improvements in historically disadvantaged communities, modernize and protect infrastructure from the impacts of extreme weather and climate change, and use new and innovative approaches to address community needs.
