Re: Transfer of Ownership NPDES Permit No.: CO-0034860

Dear Mr. Kleinschmidt and Mr. Meister:

The EPA has been notified via joint letter from the U.S. General Service Administration (GSA) and the U.S. Federal Highway Administration (FHWA), received on October 17, 2017, of the intent to transfer National Pollutant Discharge Elimination System (NPDES) Permit No. CO-0034860 (Permit) from GSA to FHWA on November 1, 2017. The letter and enclosed agreement satisfy the automatic transfer requirements in 40 CFR §122.61(b), and therefore, effective November 1, 2017 the Permit will be automatically transferred to FHWA. The EPA would like to inform FHWA that all of the requirements and conditions of the Permit will remain fully effective upon transfer.

If you should have any questions or need assistance for this matter, please contact Amy Clark, of my staff at (303) 312-7014 or [clark.amy@epa.gov](mailto:clark.amy@epa.gov).

Sincerely,

A handwritten signature in black ink that reads "Colleen Rathbone".
