Pyramid Lake Paiute Tribe – Nevada Water Quality Control Plan

1989 to 1993: Collected WQ data to develop scientifically defensible WQS for Pyramid Lake and the Lower Truckee River.

2004 – Submitted WQS & TAS application to EPA Region 9

EPA Comment: To document and include Ephemeral streams, Springs, and Wetlands to ensure all surface waterbodies are afforded protection by WQS (narrative standards)

January 30, 2007 - The Pyramid Lake Paiute Tribe received TAS approval to administer the WQS and 401 Certification Programs under Sections 303 & 401 of the Clean Water Act

United States Environmental Protection Agency, Region 9
San Francisco, California

Certificate of Achievement

is hereby presented to the

Pyramid Lake Paiute Tribe

*for approval of its Program Authorization Application under the Clean Water Act's
Section 303 - Water Quality Standards and Section 401 - Certification Programs*
