As a service to our Partners and other stakeholders, EPA’s Landfill Methane Outreach Program (LMOP) is sharing information about a request for proposals (RFP) from the Roanoke Valley Resource Authority (RVRA), Virginia. Please note that EPA is not affiliated in any way with the review and selection process. Information provided below is based on the RFP.

The RVRA is seeking proposals from qualified firms for the development, construction and operation of a landfill gas (LFG) energy project(s) at the active Smith Gap Regional Landfill. The site had an LFG flow rate in 2020 between 600 and 800 standard cubic feet per minute.

The primary contact for this RFP is Jeremy Garrett, Director of Operations - Technical Services, jgarrett@rvra.net.

Key dates (all times in Eastern time) are:

- Non-Mandatory Pre-Bid Meeting (with Virtual Option): 10/29/21 - 10:00 AM
- Non-Mandatory Site Walk-Through: 10/29/21 - 1:00 PM
- Questions Deadline: 11/5/21 - 2:00 PM
- Proposal Deadline: 11/12/21 - 10:00 AM

Please refer to the RFP for complete details. The RFP is available through the RVRA's website at https://www.rvra.net/bids.aspx?bidID=66.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the LMOP website. Thank you.
