

There are many ways to ship goods. This is the smartest way.

1. WHAT IS SMARTWAY?

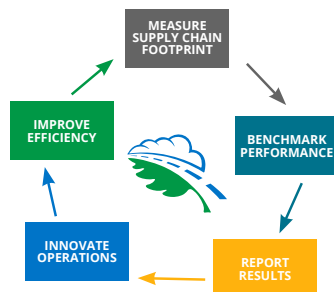

SmartWay is an innovative, voluntary, public-private, market-driven partnership. SmartWay helps companies improve their transportation supply chains – to move more ton-miles of freight with lower emissions and less energy, and at a lower cost. It helps companies gain a competitive edge and enhance their corporate image.

2. WHO CAN JOIN SMARTWAY?

Since 2004, nearly **4,000** shippers, logistics companies, truck, rail, barge, multimodal carriers and organizations (including many Fortune 500 companies) have registered with SmartWay. SmartWay carriers now account for 20 percent of all trucking miles. SmartWay is actively working to expand to all freight modes.

3. HOW DOES SMARTWAY WORK?

SmartWay gives its Partners a consistent set of EPA-tested tools to make informed transportation choices – to help them measure, benchmark and report carbon emissions, and improve supply-chain efficiency and environmental performance. SmartWay helps its Partners exchange reliable and credible performance data and accelerate adoption of advanced technologies and operational practices.

4. WHAT RESULTS HAVE SMARTWAY PARTNERS ACHIEVED?

Since 2004, SmartWay Partners have avoid emitting **143 million metric** tons of carbon dioxide, **2.7 million** short tons of nitrogen oxides and **112,000** short tons of particulate matter. They've saved **336 million** barrels of oil and **\$44.8 billion** in fuel costs. This is equivalent to eliminating annual energy use in over **21 million** homes.

5. HOW DO SMARTWAY PARTNERS MEET CUSTOMER AND STAKEHOLDER NEEDS?

In a rapidly changing business landscape, SmartWay Partners demonstrate to customers, clients and investors that they are taking responsibility for the emissions associated with moving goods. SmartWay Partners are committed to corporate social responsibility and sustainable businesses practices, and are reducing their carbon footprint.

6. HOW DO SMARTWAY PARTNERS BENEFIT NORTH AMERICA?

By moving goods in the cleanest, most efficient way possible in the U.S. and Canada, SmartWay Partners protect the environment, enhance North America's energy security and foster economic vitality.

7. WHAT ADDITIONAL BENEFITS ARE THERE FOR SMARTWAY PARTNERS?

SmartWay Partners are part of an alliance that includes Canada and a global network of Green Freight programs. SmartWay Partners can network with their peers and share success stories. They gain access to public events and forums in which Partners showcase their achievements. And SmartWay has market incentives, and recognition for top performers.

8. HOW CAN MY COMPANY JOIN SMARTWAY?

It's easy. Simply enter your freight activity data in a free, downloadable tracking and assessment tool, and submit it to EPA.
