

Reminder: LMOP Partner Reporting Open Through December 31

Please Participate in LMOP Partner Reporting

Upon joining LMOP, **Partners agree to provide data to LMOP annually** on the landfills or landfill gas (LFG) energy projects with which they are involved. LMOP uses these data to update the [Landfill and LFG Energy Project Database](#). By participating in this effort, you are helping to improve the quality and completeness of LMOP's data, a key resource for the U.S. LFG industry and one of the inputs for EPA's Inventory of U.S. Greenhouse Gas Emissions and Sinks.

Annual LMOP Partner Reporting is completed in the LMOP Module of EPA's Electronic Greenhouse Gas Reporting Tool (e-GGRT). **LMOP Partner Reporting for 2021 will continue through the month of December 2021.**

If you have not received an invitation email from Lauren Aepli, LMOP Program Manager, please contact aepli.lauren@epa.gov about your Partner Reporting status.

For more information about Partner reporting, including frequently asked questions, a User Guide and other resources, see LMOP's [Voluntary Data Collection](#) webpage.

We look forward to seeing your contributions to this important effort.

Thank you,

The LMOP Team

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
