

RFP for LFG Energy Project in PA - Site Visit January 12th

As a service to our Partners and other stakeholders, EPA's Landfill Methane Outreach Program (LMOP) is sharing information about a **request for proposals (RFP)** from **Chester County Solid Waste Authority (CCSWA), Pennsylvania**. Please note that EPA is not affiliated in any way with the review and selection process. Information provided below is based on the RFP.

CCSWA is requesting proposals for the **development, construction and implementation of a landfill gas (LFG) beneficial use project at the Lanchester Landfill** in Narvon, Pennsylvania. CCSWA will consider **projects producing renewable natural gas or other innovative project types**, but only technologies and developers with a proven and successful record of LFG energy project development and operation in the United States.

- **Questions** must be submitted to Bob Watts, Executive Director, at BWatts@chesterCSWA.org.
- Proposers must **attend the site visit** scheduled for **10:00 AM [ET]** on **Wednesday, January 12, 2022**.
- An **electronic proposal (PDF)** must be received by **4:00 PM [ET]** on **Friday, March 18, 2022** and one **printed copy** received by **Wednesday, March 23, 2022**.

Please refer to the **RFP and accompanying files for complete details**, available on the CCSWA website at <https://www.chestercountyswa.org/bids.aspx?bidID=74>.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
