   ![Key]
   **GO** = Access Approved
   **STOP** = Access NOT Approved

   **YES**
   Proceed to Question 4
   NO
   **GO**

4. Did you have a negative COVID-19 test result from a test taken 5 full days after your last exposure to the person who tested positive for COVID-19? (If it hasn't yet been 5 full days since your last exposure, select "YES")?

   ![Key]
   **GO** = Access Approved
   **STOP** = Access NOT Approved

   **YES**
   **GO**
   NO
   **STOP**
If initial screening permits access to EPA facilities, employees should reference the current workplace safety plan for up-to-date protocols as they relate to masks, social distancing, testing, etc. Visitor protocols are also included therein. By attempting to access EPA facilities you are acknowledging and agreeing to follow these important conditions. If access is not permitted, the self-assessment should be performed the next day the individual needs to enter the facility.

If you were exposed to COVID-19, start precautions immediately. Wear a mask as soon as you find out you were exposed and continue precautions for 10 full days regardless of your test results. See the CDC’s site for the most up-to-date guidance.
