

# THE DRINKING WATER STATE REVOLVING FUND

Protecting America's Public Health for Over 20 Years

## HOW IT WORKS

EPA funds state DWSRFs each year and states provide a **20%** match

**Loan Terms:**  
Up to **30 years**

(for disadvantaged communities: 40 years or design life of project, whichever is less).

Repayments begin up to **18 months** after project completion

For every **\$1** from federal government, **\$2.14** has gone to help communities

### WHO HAS DWSRFs?

### WHO IS ELIGIBLE?

Publicly or privately owned community water systems

Non-profit non-community water systems

### WHAT TYPES OF PROJECTS?

- Drinking Water Treatment
- Pipe Installation/Replacement
- Source Water Protection
- Well Construction/Rehabilitation
- Storage
- & MORE...

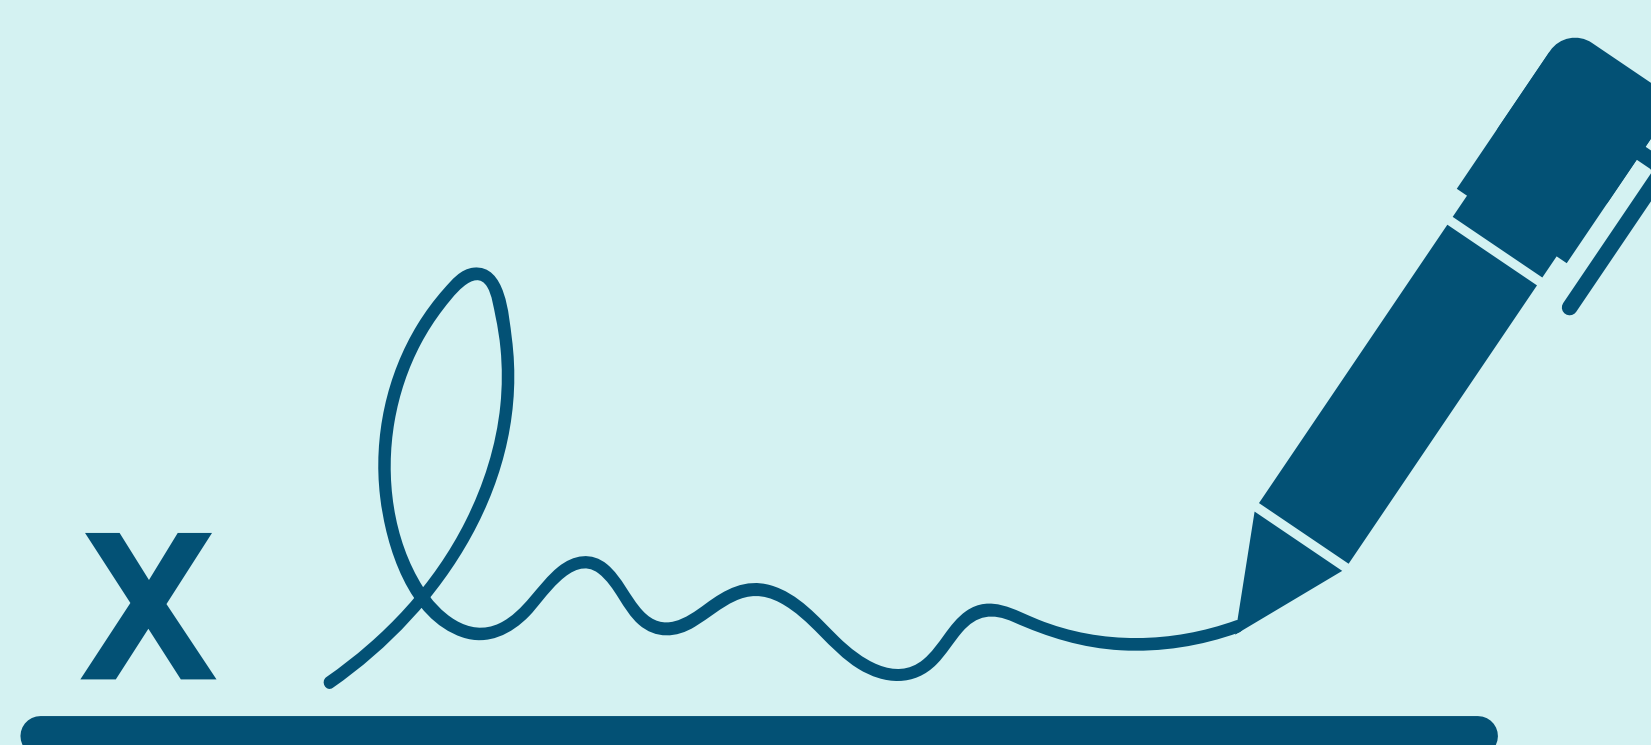

**\$48.5 BILLION**

states leveraged EPA's \$23.6 billion into projects since 1997

**17,400**

loans made to repair, replace and build infrastructure since 1997

**1.1%**

average DWSRF loan interest rate in 2021
