President

805 15<sup>th</sup> Street, NW, Suite 100  
Washington, D.C. 20005

Dear Mr. Wallace:

I am responding to the petition submitted on behalf of the FAIR Energy Foundation to the U.S. Environmental Protection Agency, titled "Petition to Reopen and Reconsider Endangerment and Cause or Contribute Findings for Greenhouse Gases Under Section 202(a) of the Clean Air Act" (FAIR petition). These findings were published in the *Federal Register* December 15, 2009, (74 FR 66496) and became effective January 14, 2010.

The EPA has carefully reviewed the petition and information provided. For the reasons discussed in the enclosed response, I deny the petition. The enclosure explains the EPA's final response to the petition.

This response is the EPA's final decision on the FAIR petition, to the extent the petition requests additional or different action by the EPA, that request is denied, as explained in the enclosed response.

Please accept my gratitude for your interest in these important environmental issues.

Sincerely yours,
