

FROM SUPERFUND TO SUPER FUN – THE BENEFITS OF RECREATIONAL SUPERFUND SITE REUSE

Consideration of future use is an integral part of the EPA's cleanup programs. Superfund site restoration and reuse can revitalize local economies and communities with recreational opportunities. This webinar will showcase the benefits of recreational reuses at Superfund sites across the country and feature one of EPA's most active partners in recreational reuse.

SPEAKERS:

Alexis Rourk Reyes, EPA Superfund Redevelopment Program
Chelsea Sebetich, EPA Superfund Redevelopment Program
Tony Stillman, Academy of Model Aeronautics

WHEN:

TUESDAY, JULY 19, 2022;
2:00 PM – 3:30 PM (EDT)

COST: FREE
