Describe the acts of discrimination providing the name(s) where possible of the individuals who discriminated (use space on page 3 if necessary)

since my family moved to (b) (6) Privacy in Laredo Tx. 78040 my parents built a house. They did the plumbing system and installed drain pipes all over the house 2 on one side and 2 on the other. I have been affected since I was 10 years old and I sleep in the front room that's next to the porch. There are 2 toilet pipes that sit besides my room and the one that follows back including the neighbors toilet outlet is three pipes release toilet fumes every penetrating all the front porch rooms and whole house. I am affected since I am in the front room and they have taken away my right to live a healthy life. I suffered a lot through those years but the only way was to keep doing exercise. I recently started taking medication and this has caused me to lose breath and since I can no longer do exercise my health drops dramatically. I just want to say that it's an unfair way to live a life in the United States of America. It's really unfair to be quiet for so long...

Have efforts been made to resolve this complaint through the internal grievance procedure of the government, organization, or institution?

No

What is the status of the grievance? I have called the City of Laredo and Webb County Sewer Office and when they came to the house to check they denied the problem with the neighbors making the city sewer a sewer problem in the corner street of (b) (6) Privacy. I have taken out an air permit for air condition repair and replaced the toilet outlet Air Admittance Valve which prevents the access of air to escape from the toilet pipes. I had to fix this problem by myself except for the neighbors who live next to my room.

Has the complaint been filed with another bureau of the Department of Justice or any other Federal, State, or local civil rights agency or court?

No
