ACTION: Notice of Proposed Administrative Penalty Assessment and Opportunity to Comment

SUMMARY: EPA is providing notice of a proposed administrative penalty assessment for alleged violations of the Clean Water Act (CWA). EPA is also providing notice of opportunity to comment on the proposed penalty assessment.

Under Section 309(g) of the CWA, 33 U.S.C. §1319(g), EPA is authorized to assess a civil penalty after providing the person subject to the penalty with notice of the proposed penalty and the opportunity for a hearing, and after providing interested members of the public with notice of the proposed penalty and a reasonable opportunity to comment on its issuance. Under Section 309(g) of the CWA, any person who violates Section 301 of the CWA, may be assessed a Class I civil penalty of up to \$59,973 by EPA. Class I proceedings for Section 309(g) of the CWA are conducted in accordance with the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination, or Suspension of Permits" (CROP), which have been codified in the Code of Federal Regulations as Title 40, Part 22. A copy of the CROP can be found at <https://www.epa.gov/enforcement/consolidated-rules-practice-40-cfr-part-22-administrative-assessment-civil-penalties>.

Section 22.13(b) of the CROP sets forth procedures for simultaneous commencement and conclusion of administrative civil penalty assessment proceedings where the parties agree to settlement of one or more causes of action. This is accomplished through issuance of a consent agreement and final order pursuant to Sections 22.18(b)(2) and 22.18(b)(3) of the CROP. The subject penalty assessment noticed herein follows the procedures set forth in Section 22.13(b) of the CROP.

The procedures by which the public may submit written comments on a proposed Class I penalty assessment or participate in a Class I penalty proceeding are set forth in Section 22.45(c) of the CROP. The deadline for submitting comments on a proposed Class I penalty assessment is thirty (30) calendar days after issuance of the public notice.

Pursuant to Section 309(g)(4) of the CWA, 33 U.S.C. § 1319(g)(4), EPA is hereby providing notice to the public of the following proposed Class I administrative penalty assessment: In the Matter of Aurora's Dream, LLC, P. O. Box 366751, San Juan, Puerto Rico 00936; Docket Number CWA-02-2023-3351; with a proposed penalty of **\$6,000.00**; for discharges of storm water containing pollutants from the Sueño de Finca Aurora Residential Project into waters of the United States without a National Pollutant Discharge Elimination System permit, in violation of Sections 301(a) and 402(p) of the CWA.
