Re: Health and safety violations at
the California Medical Facility
"BLACK MOLD AND ASBESTOS"

TO WHOM IT MAY CONCERN:

My name is (b) (6) Privacy (b) (6) Privacy and I am an inmate at the California Medical Facility and housed here over 14 months and have clear and convincing evidence of the existence of "(BLACK MOLD)" and "(ASBESTOS)" widespread throughout the prison. California Department of Corrections employee's have informed me of the widespread existence of Black mold and Asbestos in air-vents, ceilings which there's always been a problem with leaks when it rains especially in the Gym, the officer's place over 50 buckets to catch water leaks

with noticeable dark colored leak marks on the walls, musty, mold odor has caused many inmates including me to suffer breathing problems, allergic reactions, hard coughing with yellowish phlegm, also causing dizzy feeling, drowsy of which doctors only prescribe aspirin or allergy meds.

I am requesting an investigation into my allegations and to present evidence I've collected. I've also written to the U.S. Department of Justice and the U.S. Attorney General to investigate this matter of grave concern that jeopardize our health and safety in violation of my right to be free from cruel and unusual punishment.

Please contact me and schedule an interview at:
