Dear Officer of External Enforcement,

I wish to file a Complaint against the Assistant Chief G. Inouye of Wastewater Division (WD) in the City and County of Honolulu.

I worked for WD in past 13.5 years, and contributed valuable professional ideas and saved the City hundreds of millions dollars.

I suggested WD and Mr. Inouye to follow the national industrial standards to design sewers with daily self-cleansing flow velocities. He did not apply it. I insisted. He and his same racial Japanese (AJA - American with Japanese Ancestry) Mr. Nikaido framed up subjective evaluation on me, and wrongfully terminated me on 8/17/2015.

The City's EOO had an investigation on my Complaint against the AJA's racial and cultural discrimination over me, but concluded a protective decision to the WD (and department) authority on 10/21/2015 (eventually offered the pdf report in 10/28/2015).

I wish to file further complaints directly to the federal departments, since local Honolulu were controlled **politically** by Japanese-AJA in general, who undisguised their mutual protections in past, evidently, in my understanding.

I find your email address from the website provided by the City's EOO. Please advise me if I misunderstood anything for the filing procedure. I wish to e-file it soon for your office to investigate.

Many thanks for your helping in advance!
