"the E.P.A. do not run nothing down here [Explicit language not relative to this complaint]". The Complainant stated: why was he being threaten for exercising a Right and informing him of an act put into place by the Environmental Protection Agency. PETIZ stated: [Explicit language not relative]". The Complainant is being coerced to be confined to an unit (unit 11 and unit 12) without receiving natural air as his breathing has change dramatically as he is having difficult breathing as his nose is always stopped-up and his chest feel like it is congested. The Complainant wish to have this issue "looked into" and resolved on the highest level, due to the Complainant believe that the Dept. of Correct will, only, sweep the concern underneath the rug; as other issues have been done before in the past with no respond at the issue at hand.
