

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION III
1650 Arch Street
Philadelphia, Pennsylvania 19103-2029

MAR 04 2019

Ms. Alicia Y. Davis
CA Manager
DuPont Electronic Technologies
192 Patterson Boulevard
Towanda, Pennsylvania 18848-8208

Dear Ms. Davis:

The United States Environmental Protection Agency (EPA) approves DuPont's November 28, 2018 request to allow the expiration of the Hazardous Waste Storage, Treatment, and Disposal Permit PAD 003 038 056 for the DuPont Towanda Facility. EPA also approves the Post-Remedial Care Plan submitted with the November 28, 2018 request.

EPA has determined that DuPont has satisfied all Permit conditions necessary for termination. EPA expects that DuPont will continue to implement post remedial care as outlined in the approved Post-Remedial Care Plan and the Environmental Covenant filed with Bradford County on December 13, 2011. EPA will consider the DuPont Corrective Action Permit PAD 003 038 056 expired as of March 1, 2019.

EPA appreciates the work of everyone on the DuPont team for their efforts on the Towanda facility remedy. Should you have comments or questions, please contact Kevin Bilash at (215) 814-2796 or bilash.kevin@epa.gov.

Sincerely,

A handwritten signature in black ink, which appears to read "John A. Armstead", is positioned above the typed name.

John A. Armstead, Director
Land and Chemicals Division
U.S. EPA, Region III
