

T-Mobile - Energy & Sustainability

WE BRING T-MOBILE & OUR NETWORK TO LIFE

Green Power Use Story

T-Mobile has three public energy & climate commitments:

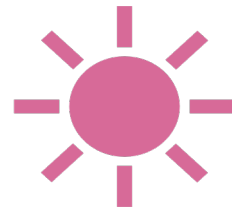

Energy

Climate

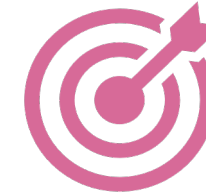

Energy Efficiency

95% reduction in energy consumption/PB data transferred by 2030 (from 2019)

RE 100

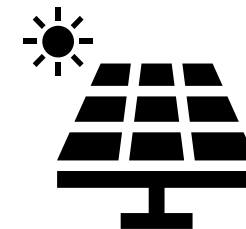

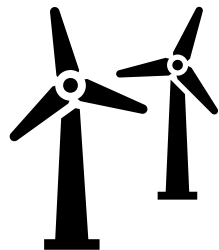

100% renewable electricity by 2021 (and onward)

SBTi Net Zero

50% reduction in Scope 1+2+3 emissions by 2030 and 90% reduction by 2040 (from 2020)

Describe Implementation of Winning Features

We follow the latest science in setting our targets, and that science is telling us that immediate action is needed by pioneering companies to reduce emissions in time to stop the worst impacts of climate change on our planet.
