## **Naugatuck Valley Council of Governments, CT**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$8,317,090 in EPA funds already awarded, the Naugatuck Valley Council of Governments Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 22 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include 526 North Main Street in Waterbury and two Uni-Royal parcels in Naugatuck. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the Naugatuck Valley Region.

---

## **Maine Department of Economic and Community Development**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$8,524,983 in EPA funds already awarded, the Maine Department of Economic and Community Development Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 29 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include the Baked Bean Factory in Portland and Caribou Power Plant in Caribou. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the State of Maine.

---

## **Southern Maine Planning and Development Commission**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$12,805,692 in EPA funds already awarded, the Southern Maine Planning and Development Commission Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 21 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include Prime Tanning in Berwick and International Woolen Mill in Sanford. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in 39 towns within York County, southern Oxford County, and Cumberland County.

---

**Berkshire Regional Planning Commission, MA**

RLF Supplemental Funding  
\$2,350,000

In addition to the \$5,250,000 in EPA funds already awarded, the Berkshire Regional Planning Commission Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$2,350,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 12 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include Greylock Mill in North Adams and Curtis Fine Paper in Adams. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in Berkshire County.

---

**Worcester, MA**

RLF Supplemental Funding  
\$2,700,000

In addition to the \$5,149,273 in EPA funds already awarded, the City of Worcester Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$2,700,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 13 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include New Garden Park's Greendale Revitalization and Denholm Building on Main Street. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the City of Worcester.

---

**Northwest Regional Planning Commission, VT**

RLF Supplemental Funding  
\$1,000,000

In addition to the \$1,975,000 in EPA funds already awarded, the Northwest Regional Planning Commission Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$1,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 13 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include the St. Johnsbury Armory in St. Johnsbury and the 74 Lower Weldon site in St. Albans City. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the State of Vermont with a focus on 23 towns in Franklin and Grand Isle Counties.

---

**Windham Regional Commission, VT**

RLF Supplemental Funding  
\$2,000,000

In addition to the \$2,850,000 in EPA funds already awarded, the Windham Regional Commission Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$2,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 18 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include the Adams Grist Mill in Bellows Falls and the Book Press Club in Brattleboro. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in 23 towns of Windham County; Searsburg, Readsboro, and Winhall in Bennington County; Weston in Windsor County; and cities and towns throughout Bennington County.

## **Region 3**

---

### **Philadelphia Authority for Industrial Development, PA**

RLF Supplemental Funding  
\$600,000

In addition to the \$2,845,000 in EPA funds already awarded, the Philadelphia Authority for Industrial Development Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$600,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to four cleanup projects that have been completed. Potential projects highlighted for use of the BIL funding include Frankford Transportation Center, ACANA Africa Center, and Sharktown. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the City of Philadelphia.

---

### **West Virginia Department of Environmental Protection**

RLF Supplemental Funding  
\$1,000,000

In addition to the \$820,000 in EPA funds already awarded, the West Virginia Department of Environmental Protection Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$1,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to three cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include Hinton High School and Parsons High School. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the State of West Virginia.

## **Region 4**

---

### **Kentucky Department for Environmental Protection**

RLF Supplemental Funding  
\$1,000,000

In addition to the \$1,975,000 in EPA funds already awarded, the Kentucky Department for Environmental Protection Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$1,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to eight cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include cleanup of Brownfields properties throughout the Commonwealth, including a focus on sites assessed through the EPA Community-Wide Assessment grant program and the numerous but smaller-scale projects of removing lead and asbestos from historical buildings. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the Commonwealth of Kentucky.

---

### **Louisville-Jefferson County Metro Government, KY**

RLF Supplemental Funding  
\$1,000,000

In addition to the \$3,305,850 in EPA funds already awarded, the Louisville-Jefferson County Metro Government Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$1,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to six cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include work on the Smoketown Community Care Project, which will support Mayor Craig Greenberg's initiative for additional affordable housing. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in Jefferson County.

---

### **South Carolina Department of Health and Environmental Control**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$9,217,599 in EPA funds already awarded, the South Carolina Department of Health and Environmental Control Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 20 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include support of Cleanup activity at historic mill sites in Buffalo, Lancaster, Great Falls, and Anderson, South Carolina. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the State of South Carolina.

## **Region 5**

---

### **Indiana Finance Authority**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$14,384,204 in EPA funds already awarded, the Indiana Finance Authority Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 24 cleanup projects that are either completed or in progress. Potential projects statewide have been highlighted for use of the BIL funding, including the Roundhouse site in Elkhart and the Former Bowser Pump property in Fort Wayne. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the State of Indiana.

---

### **Detroit Wayne County Port Authority, MI**

RLF Supplemental Funding  
\$1,350,000

In addition to the \$2,820,000 in EPA funds already awarded, the Detroit Wayne County Port Authority Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$1,350,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to four cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include the Southwest Housing solutions and the 601 Piquette sites in the City of Detroit. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in Wayne County.

---

### **Downriver Community Conference, MI**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$13,050,000 in EPA funds already awarded, the Downriver Community Conference Brownfield Coalition Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 38 cleanup projects that are either completed or in progress. Potential projects are highlighted for use of the BIL funding including the Mill Street Project in Ecorse and the Zug Island Project in River Rouge. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in 20 communities in the downriver area of southeast Michigan and the counties of Washtenaw, Monroe, and Lenawee.

---

**Hennepin County, MN**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$7,283,713 in EPA funds already awarded, the Hennepin County Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 10 cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include the Universal Plating Site and Upper Harbor Terminal projects in Minneapolis. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in Hennepin County.

---

**Saint Paul Port Authority, MN**

RLF Supplemental Funding  
\$1,000,000

In addition to the \$8,550,000 in EPA funds already awarded, the Saint Paul Port Authority Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$1,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to five cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include two auto salvage yards in Saint Paul. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the City of St. Paul.

---

**Redevelopment Authority of the City of Milwaukee, WI**

RLF Supplemental Funding  
\$3,000,000

In addition to the \$10,200,000 in EPA funds already awarded, the Redevelopment Authority of the City of Milwaukee Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$3,000,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to 15 cleanup projects that are either completed or in progress. Potential projects are highlighted for use of the BIL funding including the Five Points and Riverwest Food Accelerator projects in Milwaukee. The BIL funding will extend the capacity of the program to provide funding for more cleanups in the most underserved areas in the City of Milwaukee.

## Region 6

---

### Tulsa, OK

RLF Supplemental Funding  
\$900,000

In addition to the \$1,925,000 in EPA funds already awarded, the City of Tulsa Brownfield Revolving Loan Fund (RLF) has been selected to receive an additional \$900,000 through the Bipartisan Infrastructure Law (BIL) because it has a high-performing RLF program with significantly depleted funds. The RLF program has successfully made loans or subgrants leading to two cleanup projects that are either completed or in progress. Potential projects highlighted for use of the BIL funding include Habitat for Humanity, Evans Fintube Residential Cleanup, and Peoria-Mohawk Urban Wilderness.
