

Analytical Protocol Specifications
(Template from MARLAP Chapter 3, Figure 3.2)

Analyte List:

Analysis Limitations:

Matrix:

Possible Interferences:

Concentration Range:

Action Level:

Discrimination Level:

Method Validation Requirements: Later

MQOs:

QC Samples

Type	Frequency	Evaluation Criteria

Analytical Process Requirements*

Activity	Special Requirements
Field Sample Preparation and Preservation	
Sample Receipt and Inspection	
Laboratory Sample Preparation	
Sample Dissolution	
Chemical Separations	
Preparing Sources for Counting	(To be completed later)
Nuclear Counting	(To be completed later)
Data Reduction and Reporting	(To be completed later)
Sample Tracking Requirements	
Other	

Laboratory Control Sample

Laboratory Blank

Matrix Spike Sample
