

**List of Speakers for June 27, 2023, virtual public hearing hosted by EPA – CARB authorization request for its Small Offroad Engines (SORE) Regulation**

The list below is the tentative list subject to additions and changes. EPA will direct speakers to unmute their microphone when it is their turn to speak. Speakers are limited to no more than 3 minutes to present testimony and may also submit a written version of their testimony along with other written comments to the public docket at regulations.gov by July 28, 2023.

EPA is opening the meeting at 10:00 a.m. EST on June 27, 2023. EPA will close the hearing when there are no more speakers present on the ZOOM call, therefor EPA will not keep the line open after there are no more speakers present to submit testimony.

Speakers should contact [reis.william@epa.gov](mailto:reis.william@epa.gov) and [dickinson.david@epa.gov](mailto:dickinson.david@epa.gov) the day of the hearing should they encounter technical difficulties.
