

RAIN-2023-G03

Required Use of ID.me to Sign into ASAP.gov

Notification Date: August 11, 2023

Purpose: This Recipient/Applicant Information Notice (RAIN) informs recipients and applicants of the U.S Department of Treasury's Automated Standard Application for Payments ([ASAP](#)) requirement to use [ID.me](#) to log into [ASAP.gov](#) by September 15, 2023.

Summary: [ASAP](#) is the electronic system EPA uses to make payment under EPA assistance agreements. To improve security, public users of [ASAP.gov](#), including EPA grant recipients, are required to enroll and register multi-factor authentication (MFA) credentials with [ID.me](#) no later than September 15, 2023. After September 15, grant recipients will not be able to log into [ASAP.gov](#) until they register, validate their identity, and enable MFA in [ID.me](#).

[ID.me](#) is a free trusted provider specializing in digital identity protection, giving users secure access to applications.

Action: Recipient organization users are required to register, validate identity, and enable MFA with [ID.me](#) before September 15, 2023.

This requirement will prevent public users from logging into [ASAP.gov](#) unless they act prior to September 15th. After September 15th, recipient organization users will not be able to log into [ASAP.gov](#) until they register, validate their identity, and enable MFA in [ID.me](#).

Information on registering and enabling the MFA credentials with [ID.me](#) are available on the Department of Treasury's [Registering and Enabling Multi-factor Authentication](#) page. Recipients can attend one of the upcoming free [ASAP.gov: How to add Multi-factor Authentication to your Login](#) webinars offered by [ASAP](#).
